For a Finn, the puukko is the most important tool and at the same time the most feared weapon. You could almost say the puukko has the same importance for a Finn as the samurai sword has for the Japanese. It is a 2,000-year-old mystical weapon that has been used for centuries with the same conviction and dexterity during times of peace and war. This comprehensive resource on the Finnish puukko is the only one available and covers the history and the various types by using extensive photos of examples. Anssi Ruusuvuori has reprocessed the history of this remarkable knife type in a form unique up to now. He deals with technical and design aspects of the puukko and guides the reader through the history of this legendary tool and weapon from the Viking era up to the present. He reports about the great master smiths of

industrialization in the late 19th century and about rediscovering the puukko in the recent past. This book's initial focus is on the puukko's technology and history. In the second section, the author introduces the different puukko types according to their materials and construction. Thereafter are presented the multiple regional types and special puukkos, which are essential to know about as a collector and knife enthusiast. This book provides a comprehensive overview with respect to the topic "puukko" and transfers a rich treasure of knowledge. During its long history, the puukko was used for a great diversity of tasks, such as the production of ladles and other household tools; the carving of ornaments; scratching ice off cart wheels; cutting food; gutting and skinning of game, fish, or livestock; climbing out of an ice hole back to firm ground; and magic rituals (to protect children from evil spirits, to pray for a good harvest, and so on). It was used for self-defense and for duels. The main source of material for this book is the puukko collections of Finnish museums and private collectors. The greater part of researched knives is from the National Museum of Finland. Additional material was gathered from the Kauhava Puukko Museum, the Peura Museum, the Turku Regional Museum, the Aboa Vetus et Ars Nova Museum, the Ostrobothnian Museum, the Museum of Crime, and various private collections.

Rapala - the very name evokes quiet mornings on a mist-shrouded lake, family expeditions in a well-worn rowboat, and - best of all- the thrilling moment when a fish explodes out of the water. This richly illustrated book tells the story of a remarkable company and the iconic angling products they produce. Rapala lures are now sold in 140 countries and are more world-record fish than any other lure. It is the dominant company in a hugely popular sport enjoyed by 44 million recreation anglers in the U.S. alone - more people than play golf or tennis combined.

In the first decades of the 1800s, white Americans entered the rugged lands of Arkansas, which they had little explored before. They established new towns and developed commercial enterprises alongside Native Americans indigenous to Arkansas and other tribes and nations that had relocated there from the East. This history is also the story of Arkansas's people, and is told through numerous biographies, highlighting early life in frontier Arkansas over a period of 200 years. The book provides a categorical look at commerce and portrays the social diversity represented by both prominent and common Arkansans--all grappling for success against extraordinary circumstances.

Garda and guardian. Protector and punisher. This is 'Lugs' Branigan: the man, the legend. The story of 'Lugs' Branigan is a tale that is long overdue. It is a story of extraordinary courage and compassion, a story of heroism and altruism, a story of crime, punishment and redemption. The legend of 'Lugs''s career as Ireland's most famous garda (police officer), founded on his physical strength and the manner in which he faced up to the criminal gangs of Dublin over the course of fifty years, is part of Dublin's folk history. In *The Legendary 'Lugs' Branigan*, bestselling historian Kevin C. Kearns presents a revealing and unvarnished portrait of the man and his life, authenticated by the oral testimony of family members, friends and Garda mates who stood with him through the most harrowing and poignant experiences. Born in the Liberties of Dublin in 1910, Jim Branigan was, by his own admission, a shy, scrawny 'sissy' as a lad. Cruelly beaten by bullies in the railway yard where he worked during his teens, he refused to fight back. Yet he went on to become a heavyweight boxing champion and to earn the 'undisputed reputation as the country's toughest and bravest garda'. Chief Superintendent Edmund Doherty proclaimed him 'one of those people who become a legend in his own time'. As a garda he refused to carry a baton, relying upon his fists. He took on the vicious 'animal gangs' of the 1930s and 40s and in the 'Battle of Baldoyle' broke their reign of terror. In the 1950s he quelled the wild 'rock-and-roll riots' and tamed the ruffian Teddy boys with their flick-knives. All the while, he was dealing with Dublin's full array of gurriers and criminals. As a devotee of American Western films and books, Branigan emulated the sheriffs by doling out his unique 'showdown' brand of summary justice to hooligans and thugs on the street. In the 1960s his riot squad with its Garda 'posse' patrolled Dublin's roughest districts in their 'black Maria'. They contended with the most dangerous rows and riots in the streets, dancehalls and pubs. The cry 'Lugs is here!' could instantly scatter a disorderly crowd. Ironically, for all his fame as a tough, fearless garda, he was most beloved for his humanity and compassion. His role as guardian of the battered women of the tenements and as protector and father figure of the city's piteous prostitutes—or 'pavement hostesses', as he called them—was unrecorded in the press and hushed up by the Garda brass. Yet, Garda John Collins vouches, 'Women ... oh, he was God to them!' Upon retirement he entered his 'old gunfighter' years; ageing and vulnerable, he became a target for old foes bent on revenge and for 'young guns' seeking a quick reputation. A man with a reputation powerful enough to echo through generations of Dubliners, the legendary 'Lugs' Branigan finally has a book worthy of his story.

From the bestselling author of the classic Brotherhood of the Rose espionage saga comes a high-action thriller about the meaning of friendship and the naked edge between love and hate. He calls himself Cavanaugh. No first name, and even "Cavanaugh" isn't his actual last name. He's a protector. Once he had a boyhood best friend. They played in the woods near their homes, pretending to be soldiers surviving behind enemy lines. Grownup, they belonged to Delta Force and later worked for the world's best security company. Now their lives have taken drastically different paths, pitting them against each other, forcing them to play their boyhood game again, this time to learn who dies. The survival of a great city hangs in the balance as two friends-turned-enemies hunt each other and discover that there's a line between predators and prey, a line that's called The Naked Edge. This e-book version of The Naked Edge contains numerous photographs of the classic knives described in the novel. These include the legendary knife that Warner Bros designed for Alan Ladd's 1952 film about Jim Bowie, The Iron Mistress. Another of the many photographs depicts the most expensive knife in the world: a solid-gold replica of King Tut's dagger. Praise for David Morrell "David Morrell is, to me, the finest thriller writer living today, bar none." —Steve Berry New York Times bestselling author of The King's Deception "David Morrell is a master of suspense. He wields it like a stiletto—knows just where to stick it and how to turn it." —Michael Connelly, New York Times bestselling author of The Gods of Guilt "Morrell, an absolute master of the thriller, plays by his own rules and leaves you dazzled." —Dean Koontz, New York Times bestselling author of Innocence
