## **CXC Let's Work with English**

Developed exclusively with the Caribbean Examinations Council, this Study Guide will provide you with the support to maximise your performance in CSEC Mathematics. Written by a team of experts in the syllabus and the examination, this Study Guide covers all the essential information in an easy-to-use double page spread format and with online support. Each topic begins with key learning outcomes and contains a range of features to enhance your study of the subject.

## **Caribbean Abstracts**

## **The History Teacher's Journal**

This major six-volume project covers the historical experience of the peoples and societies of the Caribbean region from the earliest times to the end of the 20th century. This volume looks at the Caribbean in the 16th century.

## **General History of the Caribbean**

Amerindians to Africans deals with the events that took place from the first human settlement of the

region in prehistoric times to the end of the eighteenth century. Emphasis is placed on the effect of the forced introduction of Africans to the region.

## **CXC Study Guide: Caribbean History for CSEC®**

### **Nurturing Institutions for a Resilient Caribbean**

Presents Caribbean area history, using original source material, in a format designed to aid students preparing for "O" level exams.

### **General History of the Caribbean: Methodology and historiography of the Caribbean**

### **Handbook of Latin American Studies**

### **Mathematics for Caribbean Schools**

'The Caribbean People' is a three-book 'History' series for Secondary schools. Tracing the origins and developments of the Caribbean region, Book 1 starts with Early Civilisation, Tribes and Settlers, followed by Colonisation and Plantations in Book 2. Book 3 looks at modern West Indian society, more recent history and current affairs.

## **Caribbean Story: Foundations**

### **Departmental Reports to Council - University of the West Indies**

### **General History of the Caribbean UNESCO Volume 6**

This work explores the historical, conceptual, theoretical and practical dimensions of school-based assessment (SBA) in a public examination. In part 1, Griffith offers the history and context for the exploration of the issues of SBA in a public examination and reviews the history and concept of public examinations and the evolution and mandate of the Caribbean Examinations Council as a public examinations board serving member countries of the region. In part 2, he provides the foundations for a discourse of the concept, theory and practice of SBA in the context of the public examinations of the Caribbean Examinations Council and explores key issues in SBA in a public examination. In part 3, he examines a number of new directions and practices related to SBA in a public examination, for example, the use of an alternative (external) paper to assess the same competencies developed and assessed in the SBA undertaken in schools, the implementation and assessment of group work in SBA, the use of a single project for the SBA of a cluster of subjects, and ways in which the benefits of SBA in a public examination may guide practice at all levels of the

education system to improve student learning and assessment."There is a need to present the valuable work of the CXC in a way that stakeholders can understand it. . . . Griffith discusses the challenges that the examination board faces with regard to the school-based assessments as well as the alternative to the school-based assessment, and recommends strategies and procedures to deal with the challenges. He presents sound discussions . . . [and] shows knowledge and understanding of current thinking in the field."--James A. Halliday, School of Education, University of the West Indies, Cave Hill, Barbados"The work makes a solid contribution to the growing body of literature on the CXC's school-based assessment . . . [and] demonstrates a high level of scholarship through the writer's obvious knowledge and understanding and insightful analysis and arguments presented. This analysis is applied with equal facility to theoretical as well as practical issues related to the SBA."--Gordon N. Harewood, education assessment specialist, Barbados

### **The Caribbean Experience**

Volume 6 looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings. The authors examine how the lingual diversity of the region has affected the historian's ability to coalesce an historical account. The second half of the volume describes the writing of history in the individual territories, taking into account changes in society, economy and political structure. This

volume concludes with a detailed bibliography that is comprehensive of the entire series.

## **Amerindians to Africans**

Combining fertile soils, vital trade routes, and a coveted strategic location, the islands and surrounding continental lowlands of the Caribbean were one of Europe's earliest and most desirable colonial frontiers. The region was colonized over the course of five centuries by a revolving cast of Spanish, Dutch, French, and English forces, who imported first African slaves and later Asian indentured laborers to help realize the economic promise of sugar, coffee, and tobacco. *The Caribbean: A History of the Region and Its Peoples* offers an authoritative one-volume survey of this complex and fascinating region. This groundbreaking work traces the Caribbean from its pre-Columbian state through European contact and colonialism to the rise of U.S. hegemony and the economic turbulence of the twenty-first century. The volume begins with a discussion of the region's diverse geography and challenging ecology and features an in-depth look at the transatlantic slave trade, including slave culture, resistance, and ultimately emancipation. Later sections treat Caribbean nationalist movements for independence and struggles with dictatorship and socialism, along with intractable problems of poverty, economic stagnation, and migrancy. Written by a distinguished group of contributors, *The Caribbean* is an accessible yet thorough introduction to the region's tumultuous heritage which offers enough

nuance to interest scholars across disciplines. In its breadth of coverage and depth of detail, it will be the definitive guide to the region for years to come.

## **Caribbean Revision History for CXC**

## **G.K. Hall Interdisciplinary Bibliographic Guide to Black Studies**

## **Dissertation Abstracts International**

Supplemental materials of Caribbean History Core Course and Caribbean History Themes Vol I & II for Caribbean Secondary Examinations Council (CSEC).

## **Caribbean History for CSEC**

## **English a for CSEC**

The book explores the historical development and status of political and economic institutions in The Caribbean. The Caribbean institutional reality is studied vis-à-vis best international practices. The main objective is identifying positive aspects and institutional areas in need of improvement that could facilitate a sustainable development path in The Caribbean.

## **Emancipation to Emigration**

In this illuminating study, Gélien Matthews demonstrates how slave rebellions in the British West Indies influenced the tactics of abolitionists in England and how the rhetoric and actions of the abolitionists emboldened slaves. Moving between the world of the British Parliament and the realm of Caribbean plantations, Matthews reveals a transatlantic dialectic of antislavery agitation and slave insurrection that eventually influenced the dismantling of slavery in British-held territories. Focusing on slave revolts that took place in Barbados in 1816, in Demerara in 1823, and in Jamaica in 1831--32, Matthews identifies four key aspects in British abolitionist propaganda regarding Caribbean slavery: the denial that antislavery activism prompted slave revolts, the attempt to understand and recount slave uprisings from the slaves' perspectives, the portrayal of slave rebels as victims of armed suppressors and as agents of the antislavery movement, and the presentation of revolts as a rationale against the continuance of slavery. She makes shrewd use of previously overlooked publications of British abolitionists to prove that their language changed over time in response to slave uprisings. Historians previously have examined the economic, religious, and political bases for slavery's abolishment in the Caribbean, but Matthews here emphasizes the agency of slaves in the march toward freedom. Her compelling work is a valuable analytical tool in the interpretation of abolition in North America, uncovering the important connections between rebellious slaves on one side of the Atlantic and abolitionists on the other side.

## **Before & After 1865**

This book has been written to help students across the Caribbean prepare for their CSEC English A exam, but also to prepare them for their use of English in later life. The skills-led approach ensures that the book caters for all abilities through structured content and a wealth of activities.

## **The CARICOM Bibliography**

Surveys the history of the Caribbean region, from the earliest peoples, through colonization and slavery to independence

## **Solutions for CSEC History**

For CXC students who want to prepare fully for their exams, CXC Study Guides are a series of titles that provide students with additional support to pass the exam. CXC Study Guides are a unique product that have been written by experienced examiners at CXC and carry the board's exclusive branding.

## **Caribbean Journal of Education**

## **British Bulletin of Publications on Latin America, the Caribbean, Portugal and Spain**

## **Slave Revolution in the Caribbean, 1789-1804**

### **Jamaican National Bibliography**

## **CXC Study Guide: Mathematics for CSEC®**

This new book offers comprehensive coverage of the new CSEC syllabus, bringing history alive in the classroom with a range of activities and a lively written style that is suitable for all students. Written by experienced teachers and authors, and extensively reviewed across the Caribbean region, this title incorporates classroom-friendly content and activities to give students the opportunity to discuss, interpret and develop their critical analytical skills. It includes suggestions for debate, role play and source analysis as well as step-by-step guidelines to writing School-Based Assessment (SBA) research papers.

## **School-based Assessment in a Caribbean Public Examination**

### **Caricom Integration**

This Handbook provides a systematic and analytical approach to the various dimensions of international, ethnic and domestic conflict over the uses of national

history in education since the end of the Cold War. With an upsurge in political, social and cultural upheaval, particularly since the fall of state socialism in Europe, the importance of history textbooks and curricula as tools for influencing the outlooks of entire generations is thrown into sharp relief. Using case studies from 58 countries, this book explores how history education has had the potential to shape political allegiances and collective identities. The contributors highlight the key issues over which conflict has emerged – including the legacies of socialism and communism, war, dictatorships and genocide – issues which frequently point to tensions between adhering to and challenging the idea of a cohesive national identity and historical narrative. Global in scope, the Handbook will appeal to a diverse academic audience, including historians, political scientists, educationists, psychologists, sociologists and scholars working in the field of cultural and media studies.

## **White Paper on Education Reform for Barbados**

This volume details the first slave rebellion to have a successful outcome, leading to the establishment of Haiti as a free black republic and paving the way for the emancipation of slaves in the rest of the French Empire and the world. Incited by the French Revolution, the enslaved inhabitants of the French Caribbean began a series of revolts, and in 1791 plantation workers in Haiti, then known as Saint-Domingue, overwhelmed their planter owners and

began to take control of the island. They achieved emancipation in 1794, and after successfully opposing Napoleonic forces eight years later, emerged as part of an independent nation in 1804. A broad selection of documents, all newly translated by the authors, is contextualized by a thorough introduction considering the very latest scholarship. Laurent Dubois and John D. Garrigus clarify for students the complex political, economic, and racial issues surrounding the revolution and its reverberations worldwide. Useful pedagogical tools include maps, illustrations, a chronology, and a selected bibliography.--Publisher description.

### **Caribbean Slave Revolts and the British Abolitionist Movement**

Longman Caribbean History is a brand-new, two-book course that provides students with a firm grounding in the subject.

### **Caribbean People**

Contains records describing books, book chapters, articles, and conference papers published in the field of Latin American studies. Coverage includes relevant books as well as over 800 social science and 550 humanities journals and volumes of conference proceedings. Most records include abstracts with evaluations.

### **The Palgrave Handbook of Conflict and History Education in the Post-Cold War**

## **Era**

### **The Caribbean**

### **Freedom and Change**

### **Caribbean Generations**

### **Select Bibliography of Education in the Commonwealth Caribbean, 1976-1985**

This volume looks at the ways historians have written the history of the region, depending upon their methods of interpretation and differing styles of communicating their findings. The chapters discussing methodology are followed by studies of particular themes of historiography. The second half of the volume describes the writing of history in the individual territories, taking into account changes in society, economy and political structure. The final section is a full and detailed bibliography serving not only as a guide to the volume but also as an invaluable reference for the General History of the Caribbean as a whole.

### **Bibliographic Guide to Black Studies**

## **Carindex, Social Sciences and Humanities**

This wide ranging collection of original essays covering themes of Education, Colonial Politics, Caribbean Regionalism and the Caribbean in the Atlantic World was prepared as a tribute to educator and historian Roy Augier. The 28 chapters reflect the principal areas of Augier's academic and professional activities within the walls of the University of the West Indies and beyond, especially in his various roles at the Caribbean Examinations Council.
