Every North American culture has given it a name. For centuries its legend has haunted every one of its forested landscapes without ever giving solid proof of its existence. For Jeremy and his friend Ryan the legends, this “myth” has taken on a whole new meaning. They have learned its two most important secrets, its origin and its purpose—they wished like everything they hadn't. Two days ago, a Native American man arrived at Jeremy's doorstep and made an obscure reference to one of Jeremy's ancestors; the first of his family to see the Americas. The man asked

for help. He wanted Jeremy to rush off into the dark places of the Pacific Northwest and help him rescue a boy trapped by an evil Jeremy didn't know existed. Opening that door was a turning point, a crossroad in Jeremy's life that has left him tumbling into a hell he wasn't prepared for.

In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about

our world.

Charlie's Very Own Story

Andrea Palladio (1508-1580), one of the most famous architects of all time,

published two enormously popular guides to the churches and antiquities of Rome in 1554. Striving to be both scholarly and popular, Palladio invited his Renaissance readers to discover the charm of Rome's ancient and medieval wonders, and to follow pilgrimage routes leading from one church to the next. He also described ancient Roman rituals of birth, marriage, and death. Here translated into English and joined in a single volume for the first time, Palladio's guidebooks allow modern visitors to enjoy Rome exactly as their predecessors did 450 years ago. Like the originals, this new edition is pocket-sized and therefore easily read on site. Enhanced with illustrations and commentary, the book also includes the first full English translation of Raphael's famous letter to Pope Leo X on the monuments of ancient Rome. For architectural historians, tourists, and armchair travelers, this book offers fresh and surprising insights into the antiquarian and ecclesiastical preoccupations of one of the greatest of the Renaissance architectural masters.

The Penguin Guide to Compact Discs and Dvds Yearbook 2004/5

An instant New York Times bestseller! The definitive biography of guitar legend

Stevie Ray Vaughan, with an epilogue by Jimmie Vaughan, and foreword and afterword by Double Trouble's Chris Layton and Tommy Shannon. Just a few years after he almost died from a severe addiction to cocaine and alcohol, a clean and sober Stevie Ray Vaughan was riding high. His last album was his most critically lauded and commercially successful. He had fulfilled a lifelong dream by collaborating with his first and greatest musical hero, his brother Jimmie. His tumultuous marriage was over and he was in a new and healthy romantic relationship. Vaughan seemed poised for a new, limitless chapter of his life and career. Instead, it all came to a shocking and sudden end on August 27, 1990, when he was killed in a helicopter crash following a dynamic performance with Eric Clapton. Just 35 years old, he left behind a powerful musical legacy and an endless stream of What Ifs. In the ensuing 29 years, Vaughan's legend and acclaim have only grown and he is now an undisputed international musical icon. Despite the cinematic scope of Vaughan's life and death, there has never been a truly proper accounting of his story. Until now. Texas Flood provides the unadulterated truth about Stevie Ray Vaughan from those who knew him best: his brother Jimmie, his Double Trouble bandmates Tommy Shannon, Chris Layton and Reese Wynans, and many other close friends, family members, girlfriends, fellow musicians, managers and crew members.
