This book is an ideal first reference guide to the animals of the world.

The Usborne Living World Encyclopedia

Access Free First Encyclopedia Of Science Usborne First Encyclopedias

Today's children stand on the threshold of a new millennium that promises incredible scientific and technological advances. The need to understand basic scientific principles has never been greater and these principles are brought within the grasp of every child by The Kingfisher Science Encyclopedia. All the essential subject areas, from Space and Time, Materials and Technology, to Human Biology, are covered in this one-volume encyclopedia. Accurate, approachable, and an indispensable source of information for school projects, The Kingfisher Science Encyclopedia is the perfect gift for the up-and-coming Bill Gates, Albert Einstein, or Marie Curie in the family. Special Features: More than 3,500 indexed references. Thematic arrangement. Important events highlighted. Illustrated biographies of key figures. Cross-references. Comprehensive index. Glossary.

The Usborne First Encyclopedia of Space

Contains experiments, activities, A-Z dictionary, review questions and suggested websites for each topic.

First Encyclopedia of Seas & Oceans

Provides instructions for creating science-themed crafts and performing simple science experiments.

The Usborne Complete First Book of Nature

A wealth of words relating to the natural world around us. Young children can discover and learn lots of new vocabulary by spotting and talking about the illustrated words on themed pages such as animals, trees, seeds and seasons. Children love to see things that are familiar to them, and this book is packed with the familiar, like 'tree' and 'flower' to the more specific and unusual things like 'maple leaf' or 'conker'. Lots to spot and even more words to learn. With sturdy board pages designed to withstand being read time and time again.

The Usborne Illustrated Encyclopedia

Provides in-depth entries on early Earth's climates, conditions, animal and plant life forms that flourished and floundered throughout each era, along with biographies of notable figures.

The Usborne First Encyclopedia of Animals

Introduces young readers to the wonders of the sea. Filled with information on waves, currents, marine life and ocean exploration, this book answers such questions as 'How deep is the ocean?' 'Which fish can blow itself up like a balloon?'

and 'How do dolphins use sound to hunt?'

First Encyclopedia of History

This new edition introduces young readers to the wonders of the past. Filled with historical information, from the first people, farmers, cities and civilisations all the way to the World Wars and the modern day, this text answers such questions as 'what were the pyramids for?' and 'who lived in the Forbidden City?'

My Very First Outdoor Book IR

This fun gift pack comes in a carrying case with Velcro enclosure, and include four preschool titles introducing early school concepts with lots of opportunities for practice on the wipe-clean pages.

Encyclopedia of the Human Body

An illustrated encyclopedia of world history, arranged chronologically, which includes directories of web sites useful for topics, as well as links to corresponding web sites provided by Usborne Publishing.

100 Things to Know about Science

How are you feeling today? Being able to ask and answer this question is a key stage in children's development and essential for maintaining good relationships with friends and family, effective learning, and good mental health. This fun, friendly and reassuring introduction is designed to help young children recognise, understand and name different feelings and learn to talk about and manage them in helpful ways. Helps build children's self-esteem as they develop emotional intelligence and empathy by recognising and responding appropriately to their own and other people's feelings. Helps children with the personal, social and emotional development goals of the Early Years curriculum. Notes for parents on the importance of emotional intelligence and tips on how they can help young children manage their emotions to become more resilient in the face of stress and anxiety.

The Usborne Internet-Linked Children's Encyclopedia

Offers an illustrated encyclopedia of general science, with informative and fun facts on a broad array of scientific topics.

Illustrated Elementary Science Dictionary IR

Access Free First Encyclopedia Of Science Usborne First Encyclopedias
