#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University “An amazing story, and truly inspiring. It’s even better than you’ve heard.”—Bill Gates NAMED ONE OF THE TEN BEST BOOKS

OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • BookRiot • Pamela Paul, KQED • New York Public Library

### **The Fountas & Pinnell Literacy Continuum**

“Kadohata’s slapshot is the heart-swelling narrative of a father and son... Truly powerful.” —Jason Reynolds “A deeply poignant story about a boy sorting out his priorities.” —Publishers Weekly (starred review) “A vivid, memorable portrayal of a boy within his family, his sport, and his gradually broadening world.” —Booklist (starred review) From Newbery Medalist Cynthia Kadohata comes a brilliantly-realized novel about a hockey player who must discover who he is without the sport that defines him. Hockey is Conor’s life. His whole life. He’ll say it himself, he’s a hockey beast. It’s his dad’s whole life too—and Conor is sure that’s why his stepmom, Jenny, left. There are very few things Conor and his dad love more than the game, and one of those things is their Doberman, Sinbad. When Sinbad is diagnosed with cancer, Conor chooses to put his hockey lessons and practices on hold so they can pay for Sinbad’s chemotherapy. But without hockey to distract him, Conor begins to notice more. Like his dad’s crying bouts, and his friend’s difficult family life. And then Conor notices one more thing: Without hockey, the

one thing that makes him feel special, is he really special at all?

### **Truly Guided Reading**

Guided Reading is the classroom Reading Recovery with supplements. In the classroom every child is involved in focussed reading instruction, small groups necessitate exceptional organization, all this without the year-long training that Reading Recovery participants have. Over the years teachers have been directed towards Guided Reading without knowledge of how to organize the class while working with small groups and further, without the knowledge of what is involved in overt reading instruction. This book will change that and give teachers the resources to organize and put in place worthwhile and relevant activities for

children to independently engage in. In this book, significant suggestions are forwarded to make Guided Reading easier to implement and more effective. This book challenges held views about Guided Reading - misconceptions and misapplications of Guided Reading will be highlighted and in place will be effective pedagogy to help children move towards being truly confident, thinking readers. The teaching practices emphasized are: \* Managing differentiated reading instruction for early, developing, early fluent readers, including a chapter relating to older readers. \* Class management while working with small groups - independent tasks. \* Questioning and prompting so children acquire and use self-help reading and comprehension strategies. \* Encouraging student talk where they explore and exchange ideas. \* Assessment (and recording) that informs instruction.

## Guided Reading Basics

Is there too much emphasis on guided reading in primary classrooms? It's a question that many educators, like kindergarten teacher and literacy coach Cathy Mere, are starting to ask. Guided reading provides opportunities to teach students the strategies they need to learn how to read increasingly challenging texts, but Cathy found that she needed to find other ways to help students gain independence. While maintaining guided reading as an important piece of their reading program, teachers need to offer students opportunities during the day to develop as readers, to learn to choose books, to find favorite genres and authors, and to talk about their reading. In *More Than Guided Reading*, Cathy shares her journey as she moved from focusing on guided reading as the center of her reading program to placing children at the heart of literacy learning—not only providing more time for students to discover their reading lives, but also shaping instruction to meet the needs of the diverse learners in her classroom. By changing the structure of the day, Cathy found she was better able to adjust the support she was providing students, allowing time for whole-class focus lessons, conferences, and opportunities to share ideas, as well as reading from self-selected texts using the strategies, skills, and understandings acquired in reader's workshop. The focus lesson is the centerpiece of the workshop. It is often tied to a read-aloud and connected to learning from the previous day, helping to build skills, extend thinking, and develop independence over time. This thoroughly practical text offers

numerous sample lessons, questions for conferences, and ideas for revamping guided reading groups. It will help teachers tweak the mix of instructional components in their reading workshops, and provoke school-wide conversations about the place of guided reading in a complete literacy curriculum.

### **The Guided Reading Classroom**

To Kill a Mockingbird meets One Crazy Summer in this powerful, bittersweet debut about one girl's journey to reconnect with her mother and learn the truth about her father in the tumultuous times of the Jim Crow South. "Timely, captivating, and lovely. So glad this book is in the world." --Jacqueline Woodson, author of *Brown Girl Dreaming* In the small town of Alcolu, South Carolina, in 1944, 12-year-old Ella spends her days fishing and running around with her best friend Henry and cousin Myrna. But life is not always so sunny for Ella, who gets bullied for her light skin tone and whose mother is away pursuing a jazz singer dream in Boston. So Ella is ecstatic when her mother invites her to visit for Christmas. Little does she expect the truths she will discover about her mother, the father she never knew and her family's most unlikely history. And after a life-changing month, she returns South and is shocked by the news that her schoolmate George has been arrested for the murder of two local white girls. Bittersweet and eye-opening, *How High the Moon* is a timeless novel about a girl finding herself in a world all but determined to hold her down.

## **The Next Step in Guided Reading**

In an era of change in education, the time is right to refocus attention on guided reading practices. Guided reading remains an anchor in small group literacy instruction, but how has it changed with the new shifts? In this book, Michael Ford provides a practical resource to guided reading. He explains how it has evolved, why it's important, how to fit it into a comprehensive literacy program, how to select texts, how to position it for intervention, and how to assess students. Also included is an appendix with a listing of guided reading books.
