La carne e lo spirito

It's been a lifetime (and three seasons) in the making, but Jane Gloriana Villanueva is finally ready to make her much-anticipated literary debut! Jane the Virgin, the Golden Globe, AFI, and Peabody Award-winning The CW dramedy, has followed Jane's telenovela-esque life—from her accidental artificial insemination and virgin birth to the infant kidnapping and murderous games of the villainous Sin Rostro to an enthralling who-will-she-choose love triangle. With these tumultuous events as inspiration, Jane's breathtaking first novel adapts her story for a truly epic romance that captures the hope and the heartbreak that have made the television drama so beloved. Snow Falling is a sweeping historical romance set in 1902 Miami—a time of railroad tycoons, hotel booms, and exciting expansion for the Magic City. Working at the lavish Regal Sol hotel and newly engaged to Pinkerton Detective Martin Cadden, Josephine Galena Valencia has big dreams for her future. Then, a figure from her past reemerges to change her life forever: the hotel's dapper owner, railroad tycoon Rake Solvino. The captivating robber baron sets her heart aflame once more, leading to a champagne-fueled night together. But when their indiscretion results in an unexpected complication, Josephine struggles to decide whether her heart truly belongs with heroic Martin or dashing Rake. Meanwhile, in an effort to capture an elusive crime

lord terrorizing the city, Detective Cadden scours the back alleys of the Magic City, tracking the nefarious villain to the Regal Sol and discovering a surprising connection to the Solvino family. However, just when it looks like Josephine's true heart's desire is clear, danger strikes. Will her dreams for the future dissolve like so much falling snow or might Josephine finally get the happy ever after she's been dreaming of for so long?

Scegli la vita! Piccolo manuale su vizi e virtù con «Harry Potter e la camera dei segreti»

“An action packed fantasy sure to please fans of Morgan Rice’s previous novels, along with fans of works such as The Inheritance Cycle by Christopher Paolini.... Fans of Young Adult Fiction will devour this latest work by Rice and beg for more.” --The Wanderer, A Literary Journal (regarding Rise of the Dragons) The #1 Bestselling series! RISE OF THE VALIANT is book #2 in Morgan Rice’s bestselling epic fantasy series KINGS AND SORCERERS (which begins with RISE OF THE DRAGONS, a free download)! In the wake of the dragon’s attack, Kyra is sent on an urgent quest: to cross Escalon and seek out her uncle in the mysterious Tower of Ur. The time has come for her to learn about who she is, who her mother is, and to train and develop her special powers. It will be a quest fraught with peril for a girl alone, Escalon filled with dangers from savage beasts and men alike—one that will require all of her strength to survive. Her father, Duncan, must lead his men south, to the great water city of Esephus, to attempt to free his fellow countrymen from the iron grip of Pandesia. If he succeeds, he will have to journey to the treacherous Lake of Ire and then onto the icy peaks of Kos, where there live the toughest warriors of Escalon, men he will need to recruit if he has any chance of taking the capital. Alec escapes with Marco from The Flames to find himself on the run through the Wood of Thorns, chased by exotic beasts. It is a harrowing journey

through the night as he quests for his hometown, hoping to be reunited with his family. When he arrives, he is shocked by what he discovers. Merk, despite his better judgment, turns back to help the girl, and finds himself, for the first time in his life, entangled in a stranger's affairs. He will not forego his pilgrimage to the Tower of Ur, though, and he finds himself anguished as he realizes the tower is not what he expects. Vesuvius spurs his giant as he leads the Trolls on their mission underground, attempting to bypass The Flames, while the dragon, Theos, has his own special mission on Escalon. With its strong atmosphere and complex characters, RISE OF THE VALIANT is a sweeping saga of knights and warriors, of kings and lords, of honor and valor, of magic, destiny, monsters and dragons. It is a story of love and broken hearts, of deception, ambition and betrayal. It is fantasy at its finest, inviting us into a world that will live with us forever, one that will appeal to all ages and genders. Book #3 in the series--THE WEIGHT OF HONOR--is now also available! "If you thought that there was no reason left for living after the end of the Sorcerer's Ring series, you were wrong. Morgan Rice has come up with what promises to be another brilliant series, immersing us in a fantasy of trolls and dragons, of valor, honor, courage, magic and faith in your destiny. Morgan has managed again to produce a strong set of characters that make us cheer for them on every page....Recommended for the permanent library of all readers that love a well-written fantasy." --Books and Movie Reviews, Roberto Mattos (regarding Rise of the Dragons) "[The novel] succeeds—right from the start.... A superior fantasy...It begins, as it should, with one protagonist's

struggles and moves neatly into a wider circle of knights, dragons, magic and monsters, and destiny....All the trappings of high fantasy are here, from soldiers and battles to confrontations with self....A recommended winner for any who enjoy epic fantasy writing fueled by powerful, believable young adult protagonists.” --Midwest Book Review, D. Donovan, eBook Reviewer (regarding Rise of the Dragons) “A plot-driven novel that’s easy to read in a weekend...A good start to a promising series.” --San Francisco Book Review (regarding Rise of the Dragons)

The latest Scandinavian publishing phenomenon is not a Stieg Larsson-like thriller; it's a book about chopping, stacking, and burning wood that has sold more than 200,000 copies in Norway and Sweden and has been a fixture on the bestseller lists there for more than a year. Norwegian Wood provides useful advice on the rustic hows and whys of taking care of your heating needs, but it's also a thoughtful attempt to understand man's age-old predilection for stacking wood and passion for open fires. An intriguing window into the exoticism of Scandinavian culture, the book also features enough inherently interesting facts and anecdotes and inspired prose to make it universally appealing. The U.S. edition is a fully updated version of the Norwegian original, and includes an appendix of U.S.-based resources and contacts.
