### Opera, Volume 3

### Wind River Undercover

The new novel from the bestselling author of Wind River Protector. Hide in plain sight. For native Guatemalan Anna Navaro, nothing is more satisfying than capturing drug traffickers for the U.S. DEA. Her career has always been her focus, but just as she's beginning to yearn for something more, she's given a brand-new assignment with DEA agent Gabe Whitcomb. In his well-worn Stetson and boots, he's part cowboy and part law enforcement, a combination Anna finds irresistibly sexy. But desire has no place on a job as dangerous as this one, because the drug lord they're after is the violent fugitive who killed her father . . . Gabe's worked some treacherous assignments in the past, but this one raises every alarm—and not just because his partner is a gorgeous woman with the grace of a cat and a sniper's deadly aim. He and Anna are being sent to the Wind River Valley where he grew up—and where his adoptive parents still own a ranch just eighty miles from the Elson family, who have been recruited into the ruthless Gonzalez cartel. Posing as new ranch-owners and ingratiating themselves with the Elsons to uncover evidence, Anna and Gabe can only fight the heat flaring between them until they realize that building a life together, here in Wind River, is worth risking everything for . . .

### **This Is Your Brain on Sex**

The author shows that although Americans are better off today in most areas than they were in 1960, they have performed poorly compared with other leading industrial nations.

### **Higher Education in America**

### **Fatal Fraud**

So much writing about architecture tends to evaluate it on the basis of its intentions: how closely it corresponds to the artistic will of the designer, the technical skills of the builder, or whether it reflects the spirit of the place and time in which it was built, making it not much more than the willful (or even subconscious) assemblage of objects that result from design and construction techniques. Renowned writer and thinker David Leatherbarrow, in this groundbreaking new book, argues for a richer and more profound, but also simpler, way of thinking about architecture, namely on the basis of how it performs. Not simply how it functions, but how it acts, "its manner of existing in the world," including its effects on the observers and inhabitants of a building as well as on the landscape that situates it. In the process, Leatherbarrow transforms our way of discussing buildings from a passive technical or programmatic assessment to a highly active and engaged examination of the lives and performances, intended and otherwise, of buildings.

### **Waking the Princess (The Scottish Lairds Series, Book 2)**

Richer nations are happier, yet economic growth doesn't increase happiness. This paradox is explained by the Hidden Wealth of Nations - the extent to which citizens get along with other independently drives both economic growth and well-being. Much of this hidden wealth is expressed in everyday ways, such as our common values, the way we look after our children and elderly, or whether we trust and help strangers. It is a hidden dimension of inequality, and helps to explain why governments have found it so hard to reduce gaps in society. There are also deep cracks in this hidden wealth, in the form of our rising fears of crime, immigration and terror. Using a rich variety of international comparisons and new analysis, the book explores what is happening in contemporary societies from value change to the changing role of governments, and offers suggestions about what policymakers and citizens can do about it.

### **Exploring Happiness**

From New York Times bestselling author Madeline Hunter comes the fabulous finale in her Decadent Dukes Society trilogy about three untamable dukes and the

strong, alluring women who ignite their decadent desires. A woman seeks to reclaim the land she believes was unfairly stripped from her family by the Duke who now refuses to return the land to her. A classic and witty battle of wills ensues as only Madeline Hunter can deliver. HE IS THE LAST DUKE STANDING . . . the sole remaining bachelor of the three self-proclaimed Decadent Dukes. Yet Davina MacCallum's reasons for searching out the handsome Duke of Brentworth have nothing to do with marriage. Scottish lands were unfairly confiscated from her family by the Crown and given to his. A reasonable man with vast holdings can surely part with one trivial estate, especially when Davina intends to put it to good use. Brentworth, however, is as difficult to persuade as he is to resist. The Duke of Brentworth's discretion and steely control make him an enigma even to his best friends. Women especially find him inscrutable and unapproachable—but also compellingly magnetic. So when Davina MacCallum shows no signs of being even mildly impressed by him, he is intrigued. Until he learns that her mission in London involves claims against his estate. Soon the two of them are engaged in a contest that allows no compromise. When duty and desire collide, the best laid plans are about to take a scandalous turn—into the very heart of passion . . . Madeline Hunter's novels are: "Brilliant, compelling. . . . An excellent read." —The Washington Post "Mesmerizing." —Publishers Weekly "Pure passion." —Booklist

## **Never Deny a Duke**

A dangerous truth revealed A prominent member of the D.C. community has been murdered, pulling Lieutenant Sam Holland into yet another high-stakes homicide investigation that has her trying to connect the dots between a dead woman and the friends and family who'd turned against her right before her untimely death. With numerous scandals still fresh within the department's ranks, Sam is asked to revisit a cold case from her first year on the job that will continue the department's

reckoning with the past well into the future. All the while, Sam's husband, Vice President Nick Cappuano, faces mounting pressure to declare his intention to run for president in the coming election, leaving the second couple feeling the strain at home—and on the job as the family endures the first holidays without their beloved patriarch, Skip Holland. As always, when things become too hot to handle on the job, Sam and Nick turn to each other for solace in the storm.

## **The State of the Nation**

Draws on the latest neuroscientific findings beyond cultural perceptions to reveal how the brain processes love and interpersonal relationships, addressing such questions as the practicality of monogamy, the relationship between love and hate and whether or not the "seven-year itch" actually exists.

## **Breaking the Billionaire's Rules**

The toxic costs of anger are well understood: sabotaged careers, alienated family and friends, and even physical damage to a point where illness or an early death can result. Unlike previous models of anger control that began by combating anger-provoking trigger thoughts at a relatively low level of anger, *The Anger Control Workbook* introduces you to a streamlined new approach that allows you to exercise control at a higher level of anger so that fewer steps are involved in managing all of your problem anger expressions. Throughout, the book offers techniques in a clear, step-by-step format, arranged to make it easy to tailor a program to your own personal obstacles and triggering events

## **The Anger Control Workbook (Easyread Large Edition)**

A sweeping assessment of the state of higher education today from former Harvard president Derek Bok *Higher Education in America* is a landmark work--a comprehensive and authoritative analysis of the current condition of our colleges and universities from former Harvard president Derek Bok, one of the nation's most respected education experts. Sweepingly ambitious in scope, this is a deeply informed and balanced assessment of the many strengths as well as the weaknesses of American higher education today. At a time when colleges and universities have never been more important to the lives and opportunities of students or to the progress and prosperity of the nation, Bok provides a thorough examination of the entire system, public and private, from community colleges and small liberal arts colleges to great universities with their research programs and their medical, law, and business schools. Drawing on the most reliable studies and

data, he determines which criticisms of higher education are unfounded or exaggerated, which are issues of genuine concern, and what can be done to improve matters. Some of the subjects considered are long-standing, such as debates over the undergraduate curriculum and concerns over rising college costs. Others are more recent, such as the rise of for-profit institutions and massive open online courses (MOOCs). Additional topics include the quality of undergraduate education, the stagnating levels of college graduation, the problems of university governance, the strengths and weaknesses of graduate and professional education, the environment for research, and the benefits and drawbacks of the pervasive competition among American colleges and universities. Offering a rare survey and evaluation of American higher education as a whole, this book provides a solid basis for a fresh public discussion about what the system is doing right, what it needs to do better, and how the next quarter century could be made a period of progress rather than decline.

“The strong pull of friendship, the leisurely pace of a tiny, waterfront Southern town, and the steady buildup of romance help buoy Frank’s well-drawn, memorable characters” (Publishers Weekly) in this New York Times bestseller. Meet Linda Breland, single parent of two teenage daughters—one of whom is headed off to college. Between that and the married men, the cold New Jersey winters, her pinched wallet, and her ex-husband who married a beautiful, successful woman ten years younger than she is—let’s just say Linda has seen enough to fill a thousand pages. Now she’s bound for Mount Pleasant, South Carolina, the magical landscape of her ancestors. Welcomed by the help of her advice-dispensing sister and an intriguing ex-investment banker turned restaurant owner, Linda slowly begins to find her way and realize that she, too, is entitled to a second chance.

Years ago, Christina Blackburn posed for a scandalous painting that rocked the Victorian art world--and nearly ruined her life. Now a proper antiquarian for the National Museum, Christina hides her smoldering beauty behind an icy façade and prim spectacles. When the museum sends Christina to examine an ancient Highland treasure, she comes face-to-face with the same notorious painting--and its dangerously handsome owner. Sir Aedan MacBride knows that a local legend of a sleeping maiden says the estate's heir must never fall in love, which suits him fine--until he meets Christina Blackburn. Convinced that the painting's beautiful model is the key to saving his threatened lands, he is desperate to discover what she knows about the old legend--yet he never expects love to interfere. **REVIEWS:** "Unsurpassed Susan King is one of the best!" ~Cathy Maxwell "Susan King makes a delicious leap to the 19th century never has Scotland been more magical or more romantic!" ~Mary Jo Putney **THE SCOTTISH LAIRDS**, in series order Taming the Heiress Waking the Princess Kissing the Countess **THE CELTIC NIGHTS**, in series order The Stone Maiden The Swan Maiden The Sword Maiden Laird of the Wind **THE BORDER ROGUES**, in series order The Raven's Wish The Raven's Moon The Heather Moon **OTHER TITLES** by Susan King The Black Thorne's Rose
