A BETTER INDIA A BETTER WORLD

The idea of a home is at the heart of Pulayathara, which is not only the first Dalit novel on record (1963) but also one of the founding texts of the Dalit Christian movement in Kerala. It opens with a near vision of Thevan Pulayan's intense attachment to land; it then leads on to his displacement after decades of devoted service to his upper-caste landlord who, overnight, deprives him of both home and livelihood. Beginning with Pulayathara, the theme that runs through all of Chirakkarode's works is casteism in Christianity: the role of the Church in the continued enslavement of the Pulayar and the psychological effect it has on a people who abandon their ancestral gods to embrace the new faith. Without a doubt, the Dalit converts for physical and emotional security as well as survival. However, inevitably, disenchantment follows and the search for 'home' continues. Is the Dalit Christian any better off than he was before conversion?

It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will."

September 1893 at the Art Institute of Chicago as part of the World's Columbian Exposition. On this day, Vivekananda gave a brief speech representing India and Hinduism. He was initially nervous, bowed to Saraswati (the Hindu goddess of learning) and began his speech with "Sisters and brothers of America!". At these words, Vivekananda received a two-minute standing ovation from the crowd of seven thousand. According to Sailendra Nath Dhar, when silence was restored he began his address, greeting the youngest of the nations on behalf of "the most ancient order of monks in the world, the Vedic order of sannyasins, a religion which has taught the world both tolerance, of and universal acceptance". Vivekananda quoted two illustrative passages from the "Shiva mahimna stotram": "As the different streams having their sources in different places all mingle their water in the sea, so, O Lord, the different paths which men take, through different tendencies, various though they appear, crooked or straight, all lead to Thee!" and "Whosoever comes to Me, through whatsoever form, I reach him; all men are struggling through paths that in the end lead to Me." According to Sailendra Nath Dhar, "It was only a short speech, but it voiced the spirit of the Parliament." Parliament President John Henry Barrows said, "India, the Mother of religions was represented by Swami Vivekananda, the Orange-monk who exercised the most wonderful influence over his auditors". Vivekananda attracted widespread attention in the press, which called him the "cyclonic monk from India". The New York Critique wrote, "He is an orator by divine right, and his strong, intelligent face in its picturesque setting of yellow and orange was hardly less interesting than those earnest

words, and the rich, rhythmical utterance he gave them". The New York Herald noted, "Vivekananda is undoubtedly the greatest figure in the Parliament of Religions. After hearing him we feel how foolish it is to send missionaries to this learned nation". American newspapers reported Vivekananda as "the greatest figure in the parliament of religions" and "the most popular and influential man in the parliament". The Boston Evening Transcript reported that Vivekananda was "a great favourite at the parliament if he merely crosses the platform, he is applauded". He spoke several more times "at receptions, the scientific section, and private homes" on topics related to Hinduism, Buddhism and harmony among religions until the parliament ended on 27 September 1893. Vivekananda's speeches at the Parliament had the common theme of universality, emphasising religious tolerance. He soon became known as a "handsome oriental" and made a huge impression as an orator.

The Berenstain Bears

Yoga is flying across the shores of Bharatha all over the world like an eagle. The entire humanity needs yoga today. If going after Yoga to get rid of diseases is one dimension, using Yoga to make our body healthy so that we can enjoy material pleasures is the other dimension. This was not what those great Rshis who evolved Yoga had in mind. Yoga is another name for pure living. If man lives, being aware of the purpose for which he was created, what else can it be excepted in Yoga? Human body is a temple. In a larger sense, it is the dwelling place of gods. Whatever one finds in the world is present in the

human body. We have 72,000 Nerves in the body, also we have 72,000 Nadies which are subtle channels and centres of energy. We get a detailed account of these in books on Hatayoga. In this background Mudras and Bandhas occupy a place of great significance. We have a considerably difficult challenge to convert this Annamaya body into one, the object of which is Dharma Sadhana. Kalidasa has announced, "Shareeramadyam khalu dharma sadhanam". Our sages have said, "Manaeva manushyanam karanam bandha mokshayoho" Our mind is the cause of both Bandha and Moksha. In that case how can we make use of the techniques available to us to the best of our advantage? "Mudras" help us to keep our body and mind pure and chaste. They are tools to lead us to life fulfilment. When we activate the nerve and nadi centres in the body, they make the flow of energy smooth. Our body is a fantastic machine designed by the Creator. He has set in it a super computer called the 'Brain'. All the activities in our body are controlled by the Mind. The pressure exerted on certain key points in the body and in hands, energises the centres in the brain. We have come to know this truth as a result of experiments conducted in different parts of the world. Acupressure specialists assert that if we activate certain points in the legs, hands and ears, we can ward off a number of disorders of the body. In our ancient Tantra Marga we hear about "Khechari Mudra". During five thousand years after sage Vedavyasa, our ancestors have devised a number of ways to help man keep himself fit. They are simple and workable. We get a sea of information about Mudra Science in a number of books on Yoga shastra

and Tantra Shastra. In a few of our epics also, we get references to these Mudras.

Akbarnāma, or The History of Akbar, by Abu'l-Fazl (d. 1602), is one of the most important works of Indo-Persian history and a touchstone of prose artistry. Marking a high point in a long, rich tradition of Persian historical writing, it served as a model for historians across the Persianate world. The work is at once a biography of the Mughal emperor Akbar (r. 1556-1605) that includes descriptions of his political and martial feats and cultural achievements, and a chronicle of sixteenth-century India. The sixth volume details the twenty-third to twenty-eighth years of Akbar's reign, including accounts of the quelling of rebellions in Bihar, Bengal, and Kabul, and final victory in Gujarat. The Persian text, presented in the Naskh script, is based on a careful reassessment of the primary sources.

Thye Mudrarakshasa, unlike the majority of sanskrit plays, is purely a political drama. It has for its theme, besides elevation of Chandragupta to the throne of Magadha, wining over of Rakashsa, the hostile minister of the Nanda dynasty to the side of Chandragupta and adoption of measures to strengthen the rule by Chankaya, the renowned politician of his times. In the words of H.H.Wilson; It is a historical or political drama, and represents a curious staste of public morals, in wich fraud and assassination are the simple means by which inconvenient obligations are open enemies removed. The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon.

Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

Sisters & Brothers of America

Perhaps the only novel to have been reprinted nearly every year for over a hundred years, *Indulekha* (1889) is widely held to be the first Malayalam novel. Often called an 'accidental' and 'flawed' work, at its core lies a love story. The setting of the novel is the Nair community of Kerala, which had for centuries practised polyandrous matriliney, a most unusual form of inheritance through the woman whom both property and authority flavoured. It gives us glimpses of prevalent social practices much debated amongst a people already under colonial pressure to change their ways of life. Written by a Nair, *Indulekha* is not a grandiose outpouring but the author's effort to achieve certain social goals: firstly, to create a novel

much like those of the English authors he had read, and secondly, to illustrate Nair society at that time, both of which met with success. The novel influenced the deliberations of the Malabar Marriage Commission which it predated, and of which Chandum enon was a member. This novel will appeal to general readers interested in Indian writings in translation. Students of literature, history and culture, political and legal theory, and gender studies, will also find it useful.
