Hector P. García

In this brilliantly illuminating group portrait of the men who came to be known as the Founding Fathers, the incomparable Gordon Wood has written a book that seriously asks, "What made these men great?" and shows us, among many other things, just how much character did in fact matter. The life of each—Washington, Adams, Jefferson, Franklin, Hamilton, Madison, Paine—is presented individually as well as collectively, but the thread that binds these portraits together is the idea of character as a lived reality. They were members of the first generation in history that was self-consciously self-made men who understood that the arc of lives, as of nations, is one of moral progress.

Document-Based Assessment for Global History

In 1905 President Teddy Roosevelt dispatched Secretary of War William Howard Taft on the largest U.S. diplomatic mission in history to Hawaii, Japan, the

Philippines, China, and Korea. Roosevelt's glamorous twenty-one year old daughter Alice served as mistress of the cruise, which included senators and congressmen. On this trip, Taft concluded secret agreements in Roosevelt's name. In 2005, a century later, James Bradley traveled in the wake of Roosevelt's mission and discovered what had transpired in Honolulu, Tokyo, Manila, Beijing and Seoul. In 1905, Roosevelt was bully-confident and made secret agreements that he thought would secure America's westward push into the Pacific. Instead, he lit the long fuse on the Asian firecrackers that would singe America's hands for a century.

Encyclopedia of the Mexican-American War

An encyclopedia of the Mexican-American War, including excerpts from eyewitness accounts that highlight the day-to-day reality of marching and fighting.

Princeton Review AP U.S. History Prep, 2021

Enhances the world history curriculum through analysis of primary and secondary sources. Features 23 new and revised document-based questions covering significant eras. Teacher support includes scoring rubric and tips for implementation.

EVERYTHING YOU NEED TO HELP SCORE A PERFECT 5—now with 50% more practice than previous editions! Ace the 2021 AP U.S. History Exam with this comprehensive study guide from the makers of the bestselling APUSH books on the market. Now includes 3 full-length practice tests, thorough content reviews, targeted strategies for every section, and access to online extras. Techniques That Actually Work. • Tried-and-true strategies to help you avoid traps and beat the test • Tips for pacing yourself and guessing logically • Essential tactics to help you work smarter, not harder Everything You Need to Know to Help Achieve a High Score. • Detailed coverage of the short-answer and source-based multiple-choice questions • In-depth guidance on the document-based and long essay questions • Updated to align with the latest College Board standards • Access to study plans, a handy list of key terms and concepts, helpful pre-college information, and more via your online Student Tools Premium Practice for AP Excellence. • 3 full-length practice tests in the book with complete answer explanations • End-of-chapter review questions to test your retention of the material • Pacing drills to help you maximize points

Regents U.S. History and Government Power Pack Revised Edition

CMH Pub. 73-3. The Occupation of Mexico is the third in a series of pamphlets on the Mexican War, which was the U.S. Army's first experience waging an extended conflict in a foreign land. This brief war is often overlooked by casual students of history since it occurred so close to the American Civil War and is overshadowed by the latter's sheer size and scope. Yet, the Mexican War was instrumental in shaping the geographical boundaries of the United States. At the conclusion of this

conflict, the U.S. had added some one million square miles of territory. The Mexican War still has much to teach us about projecting force, conducting operations in hostile territory with a small force that is dwarfed by the local population, urban combat, the difficulties of occupation, and the courage and perseverance of individual soldiers. This is one of eight pamphlets by Stephen A. Carney planned to provide an accessible and readable account of the U.S. Army's role and achievements in the conflict. Other related products: The Mexican Expedition, 1916-1917 can be found here: <https://bookstore.gpo.gov/node/50877/edit> Mexican-American War resources collection can be found here: <https://bookstore.gpo.gov/catalog/us-military-history/battles-wars/mexican-american-war>

Mexican Exodus

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

On the Duty of Civil Disobedience

Report on the Condition of the South

In the tradition of the preceding volumes - the first of which was published in 1964 - this work synthesizes edited documents, including correspondence, ship logs, muster rolls, orders, and newspaper accounts, that provide a comprehensive

understanding of the war at sea in the spring of 1778. The editors organize this wide array of texts chronologically by theater and incorporate French, Italian, and Spanish transcriptions with English translations throughout.

The American Spirit: United States History as Seen by Contemporaries

Buddy Walker is troubled by his parent's recent divorce, and when Harry Flowers suggests a prank, he goes along, just for opportunity to do something different. He doesn't realize that someone is watching. When Jane Jerome's house is trashed, and sister brutally injured in a home invasion, she struggles to continue with her life as her family falls apart. The Avenger has witnessed reckless evil. He has killed before and knows that he just needs to wait until the time is right before he can take his revenge. Robert Cormier once again sheds light on the conflict between good and evil and the dark side of human nature. In his classic style, each character's point of view is revealed invoking both sympathy and horror while showing the complexities of the psyche.

Princeton Review AP U. S. History Premium Prep 2021

The World War I Diary of José de la Luz Sáenz

In 1948, Three Rivers Funeral Home refused burial of the remains of Felix Longoria, a World War II veteran. For Dr. Hector P. García this incident was an example of the bigotry and injustice that many Mexican Americans suffered in South Texas and throughout the U.S. He and his fledgling organization, the American G.I. Forum, stepped into the national consciousness to fight for Longoria and his family and to inspire Mexican American participation in party politics and against segregation in the post-World War II years. García was an immigrant from Tamaulipas, Mexico, whose family journeyed north in the fashion of so many other immigrant families seeking economic opportunities and safety from the numerous revolutionary conflicts. In spite of discrimination and poverty common in the Rio Grande Valley, García became a physician in 1940 and, like many young Mexican Americans, served his adopted country with distinction in fighting fascism and injustice abroad. After receiving the Bronze Star and six battle stars, he returned to Texas only to find that much of the discrimination and segregation against Mexican Americans was still rampant, despite their having proved themselves on the bloody battlefields overseas. An outraged García went on to rally Mexican-American veterans into one of the most effective civil rights organizations in history and to create a space for them within the political process. His pioneering efforts not only resulted in changed laws and practices, but also in a new awareness among Mexican Americans that they could fight for their rights and win. He proved to be a decisive factor in the election of America's first Catholic president, John F. Kennedy. His activism inspired a new generation of social reformers in the barrio and a reluctant acceptance that Mexican Americans were first class citizens. For his work, he was awarded the Medal of Freedom in 1984. Hector P. García: In Relentless Pursuit of Justice, the first definitive, superbly researched and documented biography of this great American hero is not a one-sided profile of

García, but an objective appraisal of his successes and failures, as well as an analysis of the political, social and personal issues that he and the American G.I. Forum confronted during his lifetime.

Appeal to the Christian Women of the South

AP U.S. History Premium Prep, 2021, previously titled Cracking the AP U.S. History Exam, Premium Edition, provides students with an in-depth review of key terms and concepts organized by time period, including the seventeenth and eighteenth centuries, the creation of government and early democracy, the Civil War and Reconstruction, the Machine Age, the early twentieth century, post-World War America, and more. Uncle Tom's Cabin

A guide to taking the Advanced Placement (AP) exam, describing the exam, its format, its subject matter and its grading. It analyzes exam areas, discusses texts, references and methods of study, and provides an overview of United States history from 1492 to the present, with three practice tests.

CliffsNotes AP U.S. History Cram Plan

"Much has been written about the Mexican war, but this . . . is the best military history of that conflict. . . . Leading personalities, civilian and military, Mexican and American, are given incisive and fair evaluations. The coming of war is seen as unavoidable, given American expansion and Mexican resistance to loss of territory, compounded by the fact that neither side understood the other. The events that led to war are described with reference to military strengths and weaknesses, and every military campaign and engagement is explained in clear detail and illustrated with good maps. . . . Problems of large numbers of untrained volunteers, discipline and desertion, logistics, diseases and sanitation, relations with Mexican civilians in occupied territory, and Mexican guerrilla operations are all explained, as are the negotiations which led to war's end and the Mexican cession. . . . This is an outstanding contribution to military history and a model of writing which will be admired and emulated."-Journal of American History. K. Jack Bauer was also the author of Zachary Taylor: Soldier, Planter, Statesman of the Old Southwest (1985) and Other Works. Robert W. Johannsen, who introduces this Bison Books edition of The Mexican War, is a professor of history at the University of Illinois, Urbana, and the author of To the Halls of Montezumas: The Mexican War in the American Imagination (1985).

Woman in the Nineteenth Century, and Kindred Papers Relating to the Sphere, Condition, and Duties of Woman

Collects one hundred documents that were important in the development of the

United States from its founding to 1965, including the Declaration of Independence, Constitution, and lesser-known writings.

U.S. History

An ideal companion for THE AMERICAN PAGEANT, the text can be used with any U.S. history survey text. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Our Documents

The Imperial Cruise

The Gettysburg Address is a speech by U.S. President Abraham Lincoln, one of the best-known in American history. It was delivered by Lincoln during the American Civil War, on the afternoon of Thursday, November 19, 1863, at the dedication of the Soldiers' National Cemetery in Gettysburg, Pennsylvania, four and a half months after the Union armies defeated those of the Confederacy at the Battle of Gettysburg. Abraham Lincoln's carefully crafted address, secondary to other presentations that day, was one of the greatest and most influential statements of national purpose. In just over two minutes, Lincoln reiterated the principles of human equality espoused by the Declaration of Independence and proclaimed the Civil War as a struggle for the preservation of the Union sundered by the secession crisis, with "a new birth of freedom" that would bring true equality to all of its citizens. Lincoln also redefined the Civil War as a struggle not just for the Union, but also for the principle of human equality. Beginning with the now-iconic phrase "Four score and seven years ago"—referring to the United States Declaration of Independence in 1776—Lincoln examined the founding principles of the United States as stated in the Declaration of Independence. In the context of the Civil War, Lincoln also memorialized the sacrifices of those who gave their lives at Gettysburg and extolled virtues for the listeners (and the nation) to ensure the survival of America's representative democracy: that "government of the people,

by the people, for the people, shall not perish from the earth." Despite the speech's prominent place in the history and popular culture of the United States, the exact wording and location of the speech are disputed. The five known manuscripts of the Gettysburg Address in Lincoln's hand differ in a number of details, and also differ from contemporary newspaper reprints of the speech.

The Mexican War

The Occupation of Mexico, May 1846-July 1848

USAs historie indtil 1996

The Gettysburg Address

In this Second Edition of this radical social history of America from Columbus to the present, Howard Zinn includes substantial coverage of the Carter, Reagan and Bush years and an Afterword on the Clinton presidency. Its commitment and vigorous style mean it will be compelling reading for under-graduate and post-graduate students and scholars in American social history and American studies, as well as the general reader.

Revolutionary Characters

The Second Reconstruction

First Published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

United States History: Preparing for the Advanced Placement Examination, 2018 Edition

Drawing on a gold mine of primary documents--including letters, diary entries, personal narratives, political speeches, broadsides, trial transcripts, and contemporary newspaper articles--The Boisterous Sea of Liberty brings the past to life in a way few histories ever do. Here is a panoramic look at early American history as captured in the words of Benjamin Franklin, Thomas Jefferson, George Washington, Andrew Jackson, Abraham Lincoln, Frederick Douglass, Harriet Beecher Stowe and many other historical figures, both famous and obscure. In these pieces, the living voices of the past speak to us from opposing viewpoints--from the vantage point of loyalists as well as patriots, slaves as well as masters. The documents collected here provide a fuller understanding of such historical issues as Columbus's dealings with Native Americans, the Stamp Act Crisis, the Declaration of Independence, the Whiskey Rebellion, the Missouri Crisis, the Mexican War, and Harpers Ferry, to name but a few. Compiled by Pulitzer Prize winning historian David Brion Davis and Steven Mintz, and accompanied by extensive illustrations of original documents, The Boisterous Sea of Liberty brings the reader back in time, to meet the men and women who lived through the momentous events that shaped our nation.

Cliffs Advanced Placement United States History Examination

Offers new viewpoints on the Turner hypothesis and reappraises the Indian's cultural and economic contributions to America's development

The Boisterous Sea of Liberty

The Impending Crisis of the South

"I am home, safe and sound, and reviewing all these memories as if in a dream. All of this pleases me. I have been faithful to my duty." Thus José de la Luz Sáenz ends his account of his military service in France and Germany in 1918. Published in Spanish in 1933, his annotated book of diary entries and letters recounts not only his own war experiences but also those of his fellow Mexican Americans. A skilled and dedicated teacher in South Texas before and after the war, Sáenz's patriotism, his keen observation of the discrimination he and his friends faced both at home and in the field, and his unwavering dedication to the cause of equality have for years made this book a valuable resource for scholars, though only ten copies are known to exist and it has never before been available in English. Equally clear in these pages are the astute reflections and fierce pride that spurred Sáenz and others to pursue the postwar organization of the League of United Latin American Citizens (LULAC). This English edition of one of only two known war diaries of a Mexican American in the Great War is translated with an introduction and annotation by noted Mexican American historian Emilio Zamora.

The American Pageant

In the summer of 1926, an army of Mexican Catholics launched a war against their government. Bearing aloft the banners of Christ the King and the Virgin of Guadalupe, they equipped themselves not only with guns, but also with scapulars, rosaries, prayers, and religious visions. These soldiers were called *cristeros*, and the war they fought, which would continue until the mid-1930s, is known as *la Cristiada*, or the *Cristero* war. The most intense fighting occurred in Mexico's west-central states, especially Jalisco, Guanajuato, and Michoacán. For this reason, scholars have generally regarded the war as a regional event, albeit one with national implications. Yet in fact, the *Cristero* war crossed the border into the United States, along with thousands of Mexican emigrants, exiles, and refugees. In *Mexican Exodus*, Julia Young reframes the *Cristero* war as a transnational conflict, using previously unexamined archival materials from both Mexico and the United States to investigate the intersections between Mexico's *Cristero* War and Mexican migration to the United States during the late 1920s. She traces the formation, actions, and ideologies of the *Cristero* diaspora--a network of Mexicans across the United States who supported the Catholic uprising from beyond the border. These *Cristero* supporters participated in the conflict in a variety of ways: they took part in religious ceremonies and spectacles, organized political demonstrations and marches, formed associations and organizations, and collaborated with religious and political leaders on both sides of the border. Some of them even launched militant efforts that included arms smuggling, military recruitment, espionage, and armed border revolts. Ultimately, the *Cristero* diaspora aimed to overturn Mexico's anticlerical government and reform the Mexican Constitution of 1917. Although the group was unable to achieve its political goals, Young argues that these emigrants--and the war itself--would have a profound and enduring resonance for Mexican emigrants, impacting community formation, political affiliations, and religious devotion throughout subsequent decades and up to the present day.

The Routledge Historical Atlas of Women in America

The United States prides itself on being a nation of immigrants, and the country has a long history of successfully absorbing people from across the globe. The integration of immigrants and their children contributes to our economic vitality and our vibrant and ever changing culture. We have offered opportunities to immigrants and their children to better themselves and to be fully incorporated into our society and in exchange immigrants have become Americans - embracing an American identity and citizenship, protecting our country through service in our military, fostering technological innovation, harvesting its crops, and enriching everything from the nation's cuisine to its universities, music, and art. Today, the 41 million immigrants in the United States represent 13.1 percent of the U.S. population. The U.S.-born children of immigrants, the second generation, represent another 37.1 million people, or 12 percent of the population. Thus, together the first and second generations account for one out of four members of the U.S. population. Whether they are successfully integrating is therefore a pressing and important question. Are new immigrants and their children being well integrated into American society, within and across generations? Do current policies and practices facilitate their integration? How is American society being transformed by the millions of immigrants who have arrived in recent decades? To answer these questions, this new report from the National Academies of Sciences, Engineering, and Medicine summarizes what we know about how immigrants and their descendants are integrating into American society in a range of areas such as education, occupations, health, and language.

We All Fall Down

36 pages. No cover. some water stains on the first page.

AP United States History Preparation Guide

Report on the Condition of the South is a title written by Carl Christian Schurz, who was a German revolutionary and an American statesman, journalist, and reformer. Schurz was sent through the South to make a tour and report on the economic conditions there. This book represents not only the information the author gathered, but provides us also with his insight into the topic of slavery.
