Going Deeper with New Testament Greek, Revised Edition

From their decades of combined teaching experience, Andreas J. Köstenberger, Benjamin L. Merkle, and Robert L. Plummer have produced an ideal resource enabling students to improve their skills so they may properly read, exegete, and apply the Greek New Testament. Designed for those with a basic knowledge of Greek, *Going Deeper with New Testament Greek* is a user-friendly textbook for intermediate Greek courses at the college or seminary level. In fifteen chapters, students learn Greek grammar and how to interpret the New Testament in a way that is accessible—and even fun. Also included are chapters on the Greek language and textual criticism, verbal aspect, sentence diagramming and discourse analysis, word studies, and continuing with Greek. Unique features include: Practical examples illustrating how knowing the content of a given chapter can guide proper interpretation of Scripture. Practice sentences and vocabulary lists, including all the words that occur fifteen times or more in the New Testament. Selected texts from every New Testament author for students to translate along with detailed reading notes to guide interpretation of each text. Summary charts to help students review material, serving as a handy study guide and quick reference tool. Additional resources for students and instructors available at deepergreek.com

The Analytical Lexicon to the Greek New Testament

The best of both deductive and inductive approaches introducing students to the basics of Biblical Hebrew.

Introducing Biblical Hebrew

This state-of-the-art reverse interlinear New Testament shows the English as the top-line entry, with the Greek text underneath it.

A Modern Grammar for Biblical Hebrew

Thirty-one lessons keyed to chapters of the textbook providing benefits for both beginning and advanced students. Includes study of textbook materials, building translation skills, focusing on Greek grammar and syntax, and providing supplemental vocabulary lists.

Learn Biblical Greek Pack

The premier “cheat sheet” for Greek Syntax and Exegesis. Keyed to the best-selling *Going Deeper with New Testament Greek* (by Kostenberger, Merkle, and Plummer), this set of folding laminated pages covers all traditional syntactical categories (for example, uses of the genitive, rules about the Greek article, possible translations of the imperfect tense), as well as information about New Testament textual criticism, current summaries on Verbal Aspect debates, and steps on doing Greek word studies. Each syntactical category includes an example from the Greek New Testament (with Greek text quoted) and an accompanying English translation. The specific word or phrase in question is in bold font in both the Greek and English text. With these laminated sheets by your side, you will never waste time flipping through your intermediate grammar looking for that syntactical term or grammatical function you can't quite remember.

The Handy Guide to New Testament Greek

This summary laminated sheet of Greek Grammar beyond the Basics and Basics of New Testament Syntax is perfect for students to review categories of uses and look over possibilities when doing exegesis of the New Testament.

Preparing Expository Sermons

Since its publication in 1950, Protestant Biblical Interpretation has been a standard introduction to hermeneutics in evangelical colleges and seminaries. Twice revised, this textbook has sold well over 100,000 copies. Now this venerable resource is available in a paperback edition. "Hermeneutics," writes the author, "is the science and art of Biblical interpretation. . . . As such it forms one of the most important members of the theological sciences. This is especially true for conservative Protestantism, which looks on the Bible as . . . the only authoritative voice of God to man." After surveying the history of biblical interpretation, the author devotes seventy pages to explicating "the Protestant system of hermeneutics." He then discusses the doctrinal, devotional, and practical uses of the Bible. Following a chapter on the hermeneutical dimension of the problem of biblical inerrancy and secular science, he concludes with chapters on the interpretation of types, prophecy, and parables.

Dethroning Jesus

For many years, first-year Greek students have relied on James Allen Hewett's New Testament Greek: A Beginning and Intermediate Grammar for its straightforward approach to the fundamentals of language study. Now this trusted grammar will continue to provide beginning scholars with a solid foundation for doing translation, exegesis, and biblical interpretation. New Testament Greek presents complex Greek grammatical concepts clearly and in terms of familiar English grammar. Each concept is then illustrated using multiple examples from the New Testament, and students apply their learning with translation exercises drawn directly from biblical text instead of artificial sentences created by grammarians. The CD-ROM included with the textbook contains powerful learning tools for vocalizing Greek, mastering new vocabulary, and identifying verb forms. Features include:

- chapters providing a foundational understanding of the basic components of language
- a linguistically informed chapter on how languages communicate meaning
- detailed explanations of complex grammatical constructions that shed light on biblical meanings
- grammatical discussions that reflect recent advances in the understanding of Greek tense and case
- vocabulary study lists based on NT word frequency
- Greek-to-English translation exercises that help students quickly build competency and confidence
- optional "Step Beyond" advanced grammar sections and English-to-Greek translation exercises
- expanded reference appendixes, including summary word charts, vocabulary lists, and a list of principal parts of common verbs
- a dictionary of all the Greek words used in the text
- a complete answer key to the translation exercises on the CD-ROM

Charts for Intermediate Greek Grammar and Syntax

A Graded Reader of Biblical Greek

A Modern Grammar for Biblical Hebrew is a complete revision of Duane Garrett's respected 2002 release originally entitled A Modern Grammar for Classical Hebrew. In addition to the revisions and contributions from new coauthor Jason DeRouchie, the book now includes the answer key for an all-new companion workbook and an updated vocabulary list for second year Hebrew courses.

Essentials of New Testament Greek

New York Times best-selling author Darrell Bock teams with Daniel Wallace to help lay readers separate fact from fiction and help from hype in the recent best-selling Jesus books and television specials. There is a quest going on. It's the quest to reduce Jesus to a mythic legend or to nothing more than a mere man. Scholars such as Elaine Pagels and James Tabor are using such recent discoveries as the Gospel of Judas and the Gospel of Thomas to argue that the Christ of Christianity is a contrived figure and that a different Christ-one human and not divine-is the "true" Christ. In his trademark easy-to-understand style Darrell Bock takes on these attempts to redefine Jesus in a convincing, winsome way that will help readers understand that the orthodox understanding of Christ and his divinity is as trustworthy and sure as it ever was. Joining Bock for the first time is fellow scholar Daniel Wallace.

Heaven

A Primer of Biblical Greek with CD

The English-Greek Reverse Interlinear New Testament

"The Bible is what God has made. Sermons are what we make with what God has made." This is the foundation for developing expository messages, according to Ramesh Richard. His method, explained in Preparing Expository Sermons, has been field-tested in training seminars for thousands of preachers around the world. Richard's book is a simple do-it-yourself resource for developing and preaching expository sermons. It guides the reader through a seven-step process, with many practical suggestions and illustrative charts along the way. In addition, there are eleven appendixes that include information on: o how to choose a text o preaching narratives o understanding your audience o forms of sermon introduction A comprehensive sermon evaluation questionnaire is included as well. Preparing Expository Sermons, an updated and expanded version of Scripture Sculpture, is ideal for beginning preachers, lay preachers without formal training, or any pastor who is looking for a refresher course in expository sermon preparation.

Syntax of the Moods and Tenses in New Testament Greek

Features of Basics of Biblical Hebrew Grammar, Second Edition text: * Combines the best of inductive and deductive approaches * Uses actual examples from the Hebrew Old Testament rather than 'made-up' illustrations * Emphasizes the structural pattern of the Hebrew language rather than rote memorization, resulting in a simple, enjoyable, and effective learning process * Colored text highlights particles added to nouns and verbs, allowing easy recognition of new forms * Chapters Two (Hebrew Vowels), Nine (Pronominal Suffixes), Seventeen (Waw Consecutive), Eighteen (Imperative, Cohortative, and Jussive), and Twenty-Three (Issues of Sentence Syntax) are revised and expanded * Section of appendices and study aids is clearly marked for fast reference * Larger font and text size make reading easier * Updated author website with additional Hebrew language resources and product information (www.basicsofbiblicalhebrew.com) Features of updated CD-ROM: * Full answer key to the accompanying workbook (compatible with Windows and Macintosh) * Scripture indexes to both the grammar and the workbook * FlashWorks™, a fun and effective vocabulary-drilling program from Teknia Language Tools * Links to additional resources accessible with internet connection

A Workbook for New Testament Syntax

Daniel B. Wallace's groundbreaking books Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament and Basics of New Testament Syntax have become the standard textbooks among colleges and seminaries for teaching New Testament Greek syntax. This workbook, designed to accompany both books, presents a dynamic approach to learning Greek syntax. Instead of simply learning syntax in single-verse snippets, students are exposed to all of the major syntactical categories in exegetically and theologically significant passages.

Graded Reader of Biblical Hebrew

Biblical Greek: A Compact Guide, Second Edition by William D. Mounce is a handy, at-a-glance reference for students, pastors, and teachers. It follows the organization and format of the fourth edition of Basics of Biblical Greek Grammar, but it is also usable by students who learned with a different grammar. By limiting its discussion to the "nuts and bolts," Greek language students working on translation and exegesis will more quickly and easily find the relevant grammatical refreshers. Students can, for example, check on the range of meaning for a particular word or make sure they remember how aorist participles function in a sentence. The paradigms, word lists, and basic discussions in Biblical Greek: A Compact Guide Second Edition points students in the right direction and allow them to focus on more advanced Greek study.

Protestant Biblical Interpretation

Usable Greek helps for all New Testament students, from novice to veteran

Keep Your Greek

Biblical Hebrew: A Compact Guide, by Miles Van Pelt, is a handy, at-a-glance reference with summaries of Hebrew grammar, paradigms, a lexicon, and more. Great for consulting during translation and exegesis work.

Basics of Biblical Hebrew Grammar

The Basics of New Testament Syntax provides concise, up-to-date guidance for intermediate Greek students to do accurate exegesis of biblical texts. Abridged from Greek Grammar Beyond the Basics: An Exegetical Syntax of the New Testament, the popular exegetical Greek grammar for studies in Greek by Daniel B. Wallace, The Basics of New Testament Syntax offers a practical grammar for second-year students. The strengths of this abridgment will become quickly apparent to the user:

- It shows the relevance of syntax for exegesis and is thoroughly cross-referenced to Exegetical Syntax.
- It includes an exceptional number of categories useful for intermediate Greek studies.
- It is easy to use. Each semantic category is discussed, and a definition and key to identification are provided.
- Scores of charts and tables are included to enable the intermediate student to grasp the material quickly.

New Testament Greek Syntax Laminated Sheet

Everyone with an interest in the history of mathematics and science will enjoy reading this book on one of the most famous mathematicians of the 19th century. The author, who is both a historian and a mathematician, has written the definitive biography of Niels Henrik Abel.

A Survey of the Old Testament

Depth, accuracy, relevancy and up-to-date presentation make this intermediate Greek grammar the finest available. Written by a world-class authority on textual criticism, it links grammar and exegesis to provide today's second-year Greek student with solid exegetical and linguistic foundations.

Syntax of New Testament Greek

Seminarians spend countless hours mastering biblical languages and learning how the knowledge of them illuminates the reading, understanding, and application of Scripture. But while excellent language acquisition resources abound, few really teach students how to maintain their use of Greek for the long term. Consequently, pastors and other former Greek students find that under the pressures of work, ministry, preaching, and life, their hard-earned Greek skills begins to disappear. Con Campbell has been counseling one-time Greek students for years, teaching them how to keep their language facility for the benefit of those to whom they minister and teach. He shows how following the right principles makes it possible for many to retain—and in some cases regain—their Greek language skills. Pastors will find *Keep Your Greek* an encouraging and practical guide to strengthening their Greek abilities so that they can make linguistic insights a regular part of their study and teaching. Current students will learn how to build skills that will serve them well once they complete their formal language instruction.

Biblical Greek: A Compact Guide

The purpose behind this book is to show that Greek is very regular in the way it forms words—if you know the rules. It explains why Greek words do what they do, in a way that second-year Greek students can understand. Can be used with the author's *Analytical Lexicon to the Greek New Testament*.

The Handy Guide to New Testament Greek

Usable Greek helps for all New Testament students, from novice to veteran

New Testament Greek

This pack contains everything you need to learn the original language of the New Testament, no matter if you are already enrolled in a class or learning on your own. It includes 36 video lessons on six DVDs, the most popular introductory Greek grammar today (*Basics of Biblical Greek*), along with the corresponding workbook, audio, and other necessary tools. First published in 1993, William Mounce's *Basics of Biblical Greek Grammar*, now in its third edition, has consistently been rated as the most helpful introduction to the field, and a collection of complementary tools provides readers with a holistic learning experience. In addition to the textbook, the pack includes: *Basics of Biblical Greek Video Lectures*, featuring 36 video lessons accompanying the passages in the textbook. *Basics of Biblical Greek Workbook*, with study exercises and passages for translation practice. *Basics of Biblical Greek Vocabulary Cards*, including 1,000 vocabulary flashcards for studying. *Basics of Biblical Greek Vocabulary Audio*, to help with correct pronunciation and ordered according to the textbook. *Biblical Greek Laminated Sheet*, for a quick reference guide to common language questions. *The Learn Biblical*

Greek Pack includes everything you need to start learning Greek today and find new depth reading God's Word in the language it was originally written.

Biblical Hebrew

Students of biblical Greek and Hebrew may not know everything they need to know, but they do know there's a lot they need to know! Whether studying for exams or translating passages of Scripture, students need critical information at their fingertips. Instead, it's usually scattered throughout textbooks, self-made crib sheets, and sticky-notes on their computer monitor. Now there's a better way! The Zondervan Get an A! Study Guides to Biblical Greek and Biblical Hebrew are handy, at-a-glance study aids ideal for last minute review, a quick overview of grammar, or as an aid in translation or sermon preparation. Each set contains four information-packed sheets that are laminated and three-hole-punched, making them both durable and portable. The study guides are tied to Zondervan's Basics of Biblical Greek and Basics of Biblical Hebrew.

The New Linguistic and Exegetical Key to the Greek New Testament

This innovative textbook at long last provides an Old Testament survey for undergraduate students that goes beyond basic content. The book attempts to balance the literary, historical, and theological issues pertaining to each individual book and to the Old Testament as a whole. The main portion of the survey treats each book of the Old Testament in the order of the English canon. This information does not simply rehash the biblical material, but assumes that the Scriptures are being read alongside the survey. The book focuses its primary attention on the purpose and message of each book and attempts to show how the literary structure of each one has been used to accomplish the author's purpose. The survey also introduces readers to the issues of hermeneutics (general and special), history (Israelite and Near Eastern), archaeology, canon, geography, Old Testament theology (biblical and systematic), and critical methodologies. All these issues are dealt with in separate chapters at a basic introductory level that never allows the reader to lose sight, as it were, of the forest while wandering through the trees. In addressing critical issues of date and authorship, the survey avoids a polemical stance. Hill and Watson seek to depend on the evidence of the text rather than on presuppositions to substantiate their views. Their commitment to the authority of the biblical text results in a book that, while notably evangelical, is not always traditional. The authors approach the survey mindful of two complicating factors in Old Testament study. First, God's revelation did not come by way of the English language or through Western culture, and therefore we today have to work carefully to receive the message clearly. Second, even when we are listening, we have a tendency to be selective about what we hear or to try to make the message conform to our ideas. The solution is to allow the Bible to speak for itself. The informed reader will find much innovation here and a keen awareness of current scholarship relating to the Old Testament. Above all, this textbook will bring a new vigor and excitement to the Old Testament as readers learn to discover its story for themselves

and see how to understand it as a substantial part of God's self-revelation to humankind. This survey is well illustrated with maps, charts, and photographs. Additional features are the questions for study and the annotated reading list at the end of each chapter.

A Grammatical Analysis of the Greek New Testament

This new edition of Systematic Theology by Wayne Grudem may be the most important resource you can own for helping you understand Scripture and grow as a Christian. The most widely used resource of the last 25 years in its area, Systematic Theology by Wayne Grudem has been thoroughly revised and expanded (all 57 chapters) for the first time while retaining the features that have made it the standard in its field: clear explanations, an emphasis on each doctrine's scriptural basis, and practical applications to daily life. Praise for the second edition: "After a quarter century of remarkable usefulness globally . . . it remains remarkable. I thank God for this precious gift to Christ's people worldwide." - John Piper "Stands out for its clarity and accessibility." - Thomas R. Schreiner "One of those rare works that can challenge the scholar and instruct the beginner . . . It is simply indispensable." - Jack Deere With nearly 200 pages of new content and revisions that took several years, this new edition now includes the following distinctive features, making it even better: Updated, fuller analysis of several recent controversies within evangelicalism, including the eternal relationship between the Father and the Son in the Trinity, the question of God's atemporal eternity, the role of women in the church, "seeker-sensitive" churches, miraculous gifts of the Holy Spirit, and contemporary worship music. New, thoughtful critiques of open theism, the "new perspective on Paul," Molinism (or "middle knowledge"), "Free Grace" theology, and the preterist view of Christ's second coming Completely revised, stronger chapter on the clarity of Scripture Completely revised, stronger chapter on creation and evolution, including a longer critique of theistic evolution and an extensive discussion on the age of the earth New discussion of how biblical inerrancy applies to some specific "problem verses" in the Gospels Additional material respectfully explaining evangelical Protestant differences with Roman Catholicism (with extensive interaction with the Catechism of the Roman Catholic Church), Protestant liberalism, and Mormonism Completely updated bibliographies All Scripture quotations updated from RSV to ESV An explanation of why monogenes in John 3:16 and elsewhere should be translated as "only begotten" rather than merely "only" (this is a change from the first edition) A contemporary worship song added at the end of each chapter (while retaining the traditional hymns as well) New discussion on the impassibility of God An extensive discussion on the eternal submission of the Son to the Father, taking into account controversies in recent years Updated section on contemporary worship music A discussion of recent criticisms of the penal substitutionary view of the atonement Numerous other updates and corrections that have been prompted by letters and emails from people around the world and by interaction with the students Wayne has taught over the last 26 years both at Trinity Evangelical Divinity School and at Phoenix Seminary Part of the brilliance of Systematic Theology over the years has been its simplicity and ease of use. Each chapter follows the same structure. First, there is discussion of the doctrine being considered, such as

justification or the Trinity or the deity of Christ. An explanation of that doctrine's biblical support and possible objections follow. Personal application and key terms to know for personal growth are then provided. Chapters also include a Scripture memory passage, references to other literature on the topic, and suggested hymns and worship songs. If you are someone who thinks theology is hard to understand or boring, then this new edition of Systematic Theology will likely change your mind.

The Morphology of Biblical Greek

This collection of essays brings together into one volume papers from the Society of Biblical Literature meetings in 1990 and 1991. This volume divides itself neatly into two sections. Part I, Verbal Aspect, includes two major presentations and responses on the topic of Greek verbal aspect. The subject is an important one, and one that promises not to go away in the next several years. If the proponents of the theory are correct, the semantic category of verbal aspect will prove vital to future analysis and exegesis of Greek, including that of the New Testament. Part II includes four substantial papers on various topics in Greek grammar and linguistics, including work on discourse analysis, construction grammar, the phrase as a constituent in Greek grammatical description and the possible Semitic origins of the finite verb with cognate participle. These interesting and varied essays are designed both to illustrate the current state of discussion of New Testament Greek grammar and to provide impetus for future research and publication.

NIELS HENRIK ABEL and his Times

This is an all-new analytical Greek lexicon, based on the critical Greek text (UBS3), with Goodrick / Kohlenberger numbers and new grammatical paradigms.

Greek for the Rest of Us

This graded reader introduces the second-year Hebrew student to various types of biblical Hebrew literature and contains various notations to assist him or her in the further advancement of Hebrew translation and exegesis.

Greek Grammar Beyond the Basics

A standard Greek reference tool allowing students to learn vocabulary quickly by listing words according to their frequency of use in the New Testament.

Lexical Aids for Students of New Testament Greek

If you'd love to learn Greek so you can study your Bible better, then this newly revised second edition of Greek for the Rest of Us is for you. Developed by renowned Greek teacher William Mounce, this revolutionary crash-course on "Greek for the rest of us" will acquaint you with the essentials of the language and deepen your understanding of God's Word. You'll gain a sound knowledge of Greek, and you'll learn how to use tools that will add muscle to your Bible studies. This book is divided into three major sections (Foundational Greek, Church Greek, and Functional Greek), each of which builds on the previous section and takes you to the next level. Depending on which levels you take, the book will teach you how to: Read and pronounce Greek words Learn the fundamentals of the Greek noun and verb system Conduct effective Greek word studies Learn the basics of Greek exegesis for biblical interpretation Decipher why translations are different Read better commentaries Be comfortable using reverse and traditional interlinears Understand the information displayed by biblical software

Biblical Greek

This companion to Basics of Biblical Greek and Greek Grammar Beyond the Basics contains annotated readings from the New Testament designed for second-year students of the Greek language.

Learn New Testament Greek

This verse by verse analysis of unusual forms and grammatical and exegetical difficulties in the Greek New Testament is expanded and revised, improving on the acclaimed original version.

Systematic Theology, Second Edition

Basics of the Biblical Greek is an entirely new, integrated approach to teaching and learning New Testament Greek. It makes learning Greek a natural process and shows from the very beginning how an understanding of Greek helps in understanding the New Testament. Basics of Biblical Greek: combines the best of the deductive and the inductive approaches, explains the basics of English grammar before teaching Greek grammar, uses from the very beginning parts of verses from the New Testament instead of 'made-up' exercises, includes at the beginning of every lesson a brief devotional, written by a well-known New Testament scholar, that demonstrates how the principles taught in the lesson apply directly to an understanding of the biblical text, is the most popular first-year Greek course used in colleges and seminaries today, comes with an interactive study aid CD-ROM, containing an eight-minute greeting from the author and the fun, helpful, and

graphical vocabulary-memorizing program 'Learning the Basics of Biblical Greek' (runs on Power Mac and Windows 95), where you can hear Greek words pronounced and sung in more than 200 familiar hymns. The CD-ROM also contains the powerful Greek vocabulary-drilling programs Flashworks(TM) and Parseworks from Teknia Language Tools (runs on Macintosh and Windows 3.1 and 95). A separate workbook is also available. And complimentary teacher helps are located on the author's website (<http://www.homeschooling.org>).

Basics of Biblical Greek Grammar

This comprehensive guide uses a highly effective teaching method to introduce readers to New Testament Greek quickly. The book provides all the basics of a beginning grammar. In addition, it includes a wealth of reading and translation exercises and activities, helpful grammatical resources, and accented Greek text. Audio files for the book are available through Baker Academic's Textbook eSources. Now in paper.

Biblical Greek Language and Linguistics

This new primer offers a succinct, single-volume introduction to biblical Greek that has already been tested in classrooms around the country. Divided into 32 separate lessons, each containing a generous number of exercises, the text leads students from the Greek alphabet to a working understanding of the language of the Bible.

The Basics of New Testament Syntax

The wheelchair-bound artist and founder of a Christian outreach program for the disabled describes her vision of heaven, encouraging readers to look forward to the spiritual fulfillment waiting for them after death
