This book will introduce you to the art of miniature crocheted Teddy Bears from thread. This is a relatively new trend in bear making. These are miniature crocheted and fully jointed teddy bears made with lots of tiny crochet stitches using a variety of threads or thin yarns. Some of them show off the crochet stitches and the ones made from mohair or acrylic yarn can be brushed for a wonderful fuzzy look. These bears are not toys, they are wonderful works of art for teddy

bears collectors. I have included in this book six patterns. They are my own creations. The first two are very easy: the bears have straight arms and legs. The next two have bent arms, and the last two are a little more complicated. Each of these patterns will add to your knowledge and enjoyment of the art of thread teddy bears. The instructions are easy to follow, each pattern has a diagram to assemble the bear and color photographs of the finished bear.
