### The Arcana of the Grail Angel

#### Hammer of Angels

Everybody has one. It's called a "haunt detector." It's the little alarm that goes off in our heads whenever we detect that something mysterious or supernatural has occurred. You could be sitting around relaxing one day at home, and for no special reason you start thinking about someone. Maybe you haven't thought about this person in years. Then the phone rings; you pick it up, and amazingly, it's that person! Many of us have experienced this phenomenon. What is it? Anthony DeStefano answers this compelling question in his fascinating new book, *The Invisible World*. No matter how little we may understand or how fleeting such moments can be, he explains the reality of the spiritual dimension that surrounds us and shows how it is immediately accessible to everyone. All aspects of the spiritual realm are discussed, including the existence of angels and demons, the whereabouts of loved ones who have passed, and even the presence and activity of God in our lives. Written to be completely consistent with traditional Christian teaching, *The Invisible World* will help readers embrace a certitude that makes it easier to act according to their moral beliefs, give them a greater sense of the richness of life, and

show them that no amount of suffering in their life—physical, mental, or emotional—will ever be able to destroy the profound sense of inner peace that can be experienced on a daily basis. For those seeking reassurance about meaning in their life, nothing is more significant than to be reminded that no one is alone. In *The Invisible World*, Anthony DeStefano shows the truth of this in a captivating and inspiring way.

“Well, I'm now behind on my own writing, because I couldn't tear myself away from *Lesser Evils*. Then again, I'm only behind by a single day--because I really couldn't tear myself away from *Lesser Evils*. If the next one's not out until tomorrow, it's still too far off. And if Evans is not already a name spoken of as part of the true *Forgotten Realms* pantheon, along with Kemp, Cunningham, and Salvatore, it can only be because she has fewer books out, and thus hasn't reached everyone yet.”— Ari Marmell, author of *Agents of Artifice*, *The Conqueror's Shadow*, and the *Widdershins Adventure* series  
“*Lesser Evils* is incredibly immersive and technically brilliant. I love the complex characters and layered plot, and the dialogue is sharp, natural, and brimming with personality. It's one of those books where you forget about the fact that you're reading a book, and just experience the story as though you were there. Erin M. Evans has a rare talent. She's one to

“Lesser Evils will leave you begging for more from Erin M. Evans. Intrigue upon intrigue and a host of unforgettable characters interwoven into a plot that is riddled with heart-stopping action. Who could ask for more!” —Chris A. Jackson, award-winning author of Scimitar Moon Overview: Mere weeks after escaping Neverwinter, Farideh’s dreams are still haunted by Lorcan, the cambion devil whose power fuels her own. One of only four known descendents of the original Brimstone Angel, Farideh has no regrets about the pact she made with the devil. But no one in the Hells knows that she has a twin—an impulsive eager sister, just waiting to be corrupted. At least as long as Lorcan can keep her secret. Determined to protect her sister, Farideh searches for a ritual that could call Lorcan out of the Hells. But in the midst of her hunt, she’s drawn into an assignment for the secret society the Harpers, an assignment which leads her and a ragtag group of allies to an ancient Netherese library deep underground. While the group combs the site, dodging ghosts and magical traps, Farideh discovers a magical book whose pronouncements throw into question everything she thought she knew about herself and her sister. The more the Book gives up its macabre secrets, the more one thing becomes clear—a traitor lurks among them. Read More: If you are looking for more from Erin M. Striking toward peace and harmony the human being is ceaselessly torn apart in personal, social, national life by wars feuds, inequities and intimate personal conflicts for which there seems to be no respite. Does the human condition in interaction with others imply a constant adversity? Or, is this conflict owing to an interior or external factor of evil governing our attitudes and conduct toward the other person? To what criteria should I refer for appreciation, judgment, direction concerning my attitudes and my actions as they bear on the well-being of others? At the roots of these questions lies human experience which ought to be appropriately clarified before entering into speculative abstractions of the ethical theories and precepts. Literature, which in its very gist, dwells upon disentangling in multiple perspective the peripeteia of our life-experience offers us a unique field of source-material for moral and ethical investigations. Literature brings preeminently to light the Moral Sentiment which pervades our life with others -- our existence tout court. Being modulated through the course of our experiences the Moral Sentiment sustains the very sense of literature and of personal human life (Tymieniecka). Papers by: Tony E. Seldom in modern esoteric Christian scholarship do we find an author with the breadth of understanding to encompass the Eastern, Central and Western Grail traditions. John Barnwell, in *The Arcana of the Grail Angel*, synthesizes and illuminates the Grail tradition in the light of modern Spiritual Science and the works of its founder Rudolf Steiner. Steiner's Western esoteric stream of Christianity creates a backdrop of historical, philosophical, and religious archetypes that encompass the most comprehensive esoteric Christian Cosmology available. Add to this an extensive panoramic view of the historical, allegorical, and spiritual nature of the Grail, and together we find this refreshing work -- and immediately recognize a must read Anthroposophical classic like the works of Guenther Wachsmuth or Sergei O. Prokofieff. -- Douglas J. Gabriel, from the forward.

A recent study found that 57 percent of Catholics, 66 percent of Evangelical Protestants, and 10 percent of Jews have reported having a personal experience with a guardian angel. And 20 percent of those who identified themselves as having no religion also claimed having encountered an angel. *Seeing Angels* is one of the most in depth examinations of angelic ministry by one of the cutting-edge charismatic leaders in the church today. Joshua Mills goes beyond the usual takes on angels regarding spiritual warfare and explores who they are, how to recognize them, and what they do. Part I, *Understanding Your Angels*, is all about understanding who angels are, exploring why they are necessary and how different angels minister comfort, healing, love, prosperity. It reveals who they carry out specific geographic assignments for cities and nations, as well as the more unique and extraordinary assignments they receive. Part II, *Discerning Your Angels*, explains how to become more aware of the unseen heavenly realm, as well as how to recognize divine intervention when it does reveal itself to human sight. Such manifestations include random strangers, visions, or signs and messengers that believers receive. Joshua also explains the way he has interacted with visions of radiant light, swirling colors, and what he describes as atmospheric shifts. All of this is intended to make believers become more aware of both invisible and revealed spiritual realities. Part III, *Working with Your Angels*, deals specifically with how to minister alongside these heavenly messengers as they stand watch, provide protection, and administer strength and comfort. This includes recognizing their movements and how to effectively pray for angelic encounters to take place. With a foreword by Patricia King, *Seeing Angels* is among the most comprehensive teachings on recognizing angelic beings and understanding how to partner with them in ministry.

Edgar Award Finalist: The hunt for a vanished singer leads a detective into the depths of the occult in this “terrific” novel (Stephen King). Big-band frontman Johnny Favorite was singing for the troops when a Luftwaffe fighter squadron strafed the bandstand, killing the crowd and leaving the singer near death. The army returned him to a private hospital in upstate New York, leaving him to live out his days as a vegetable while the world forgot him. But Louis Cyphre never forgets. Cyphre had a contract with the singer, stipulating payment upon Johnny’s death—payment that will be denied as long as Johnny clings to life. When Cyphre hires private investigator Harry Angel to find Johnny at the hospital, Angel learns that the singer has disappeared. It is no ordinary missing-person’s case. Everyone he questions dies soon after, as Angel’s investigation ensnares him in a bizarre tangle of black magic, carnival freaks, and grisly voodoo. When the sinister Louis Cyphre begins appearing in Angel’s dreams, the detective fears for his life, his sanity, and his soul. Falling Angel was the basis for the Alan Parker film *Angel Heart*, starring Mickey Rourke, Robert De Niro, and Lisa Bonet. This ebook features an illustrated biography of William Hjortsberg including rare photos from the author’s personal collection.

For as long as he can remember, Blake K. Healy has seen angels and demons. He sees them as clearly as he would see you if you were standing right in front of him. He sees angels dancing in worship services and whispering words of encouragement in people’s ears. He also sees demons latching on to people and perpetuating addiction and bitterness in

their hearts. The Veil chronicles how Blake matured in this gifting, while overcoming the fear and confusion of what he saw, how he learned to use his gift of seeing for God's glory, and how to teach others to do the same. This new and updated version of The Veil also includes a brief guide on how to begin growing in the gift of seeing in the spirit yourself, as well as an appendix of scriptural references to the spirit realm and angels, along with Blake's commentary on these passages.
