Biology

The Virginia Teacher

Report of the Public Schools of the State of Missouri

Instructional Materials Approved for Legal Compliance, 1987-88

New edition of a standard introductory textbook.

Science Teaching at Junior and Senior High School Levels

Biology, the World of Life

This reference is intended for teachers who are responsible for selecting textbooks for biology or life science courses. The publication provides reviewers with a compilation of 10 biology and 7 life science textbook reviews. Using this document as a resource, teachers can save valuable time by reducing the number of books they review and pilot studies they conduct. For each textbook series, there is a description of the materials, and reviews of the student edition, the process skills in the student edition, the teachers edition, the laboratory manual, and the teachers edition of the laboratory manual. Factual inaccuracies in the materials are noted. (CW)

Secondary School Series

The instructional materials listed in this document were reviewed by a California Legal Compliance Committee using the social content requirements of the Educational Code concerning the depiction of males and females, ethnic groups, older persons, disabled persons, and others to ensure that the materials were responsive to social concerns. Included for all materials are publisher, title, International Standard Book Number, copyright date, grade level, and Legal Compliance Committee termination date. The materials are divided into the following subject areas: (1) reading; (2) literature; (3)

spelling and handwriting; (4) dictionaries; (5) English; (6) science; (7) health; (8) art and music; (9) mathematics; (10) social sciences; (11) foreign languages; (12) English as a foreign language; (13) kindergarten; (14) computer software; (15) miscellaneous; and (16) bilingual/bicultural materials. (PCB)

The Saunders General Biology Laboratory Manual, 1990

A selected and annotated list of science and mathematics books which supplements the AAAS science book list (3rd ed.; 1970) and the AAAS science book list supplement (1978) .
