Selected Writings and Speeches

Dr L.M. Singhvi (1931–2007) was an eminent Indian jurist, a distinguished parliamentarian, a celebrated statesman, an able administrator, a brilliant scholar,

a prolific writer, and a diplomat par excellence. He was India's second longest-serving high commissioner to the United Kingdom, from 1991 to 1997, and was conferred the Padma Bhushan in 1998. Dr Singhvi was deeply wedded to human service, and wrote on a variety of issues which are relevant in contemporary sociopolitical discourse. This work, alluding to the multifaceted personality of Dr L.M. Singhvi, highlights his scholarly contribution in varied fields of human activities such as law, diplomacy, democracy, and literature. It brings together his unpublished papers and lectures which address topics ranging from human rights, foreign policy issues, Kashmir, centre-state relations, public administration, legal issues, to education, healthcare, civil services, and Indology. The comprehensive introduction knits together the themes discussed in the volume, and emphasizes their relevance in today's times.

Selected Writings and Speeches on America

This is the most comprehensive anthology of works and speeches by the statesman and political philosopher Edmund Burke (1729-1797). Peter J. Stanlis, professor of humanities emeritus at Rockford College, has taken care to preserve the beauty of Burke's prose while selecting the most essential passages from his numerous writings. Stanlis's introduction gives important insight into Burke's early life, education, professional training, literary and political career, prose style, political philosophy, and more.

Few names bring with it such controversy as Maximilian Robespierre. Jacobin, Revolutionary, Martyr, above it all, Robespierre remained The Incorruptable. Here are some of his more notable writings and speeches in a collection designed for easy review. From his Prospectus for "Le Defenseur de la Constitution" to The King Must Die, here is a way to access the brilliance, and controversy, of his work for yourself.

ADIVASIDOM : Selected writings & speeches of Jaipal Singh Munda

Benjamin A. Rogge's passion for spreading free-market ideas at a time when such views were scorned put him at odds with most of his fellow professors of economics. His great charm and civility, however, made it a battle of ideas rather than a hostile clash between people. He excelled at using respectful explication, softened with humor and relevant examples, to win over his audience. A gifted speaker and writer, Rogge had the ability to present complex economic topics in straightforward language without resorting to intimidating mathematical formulas. A Maverick's Defense of Freedom gathers fifty-three of Rogge's most interesting essays and speeches, many of which have never before been published. Organized thematically, the collection spans a wide range of topics and three decades, from the 1950s through Rogge's untimely death in 1980. Professor Dwight Lee explains in his introduction that even Rogge's earliest writings "show that he had the intellectual fortitude to stand up to the dominant views in economics with a deep understanding of the classical liberal principles that he believed provided the

necessary foundation for economic prosperity and individual liberty." Part 1, composed mostly of Rogge's speeches, broadly describes his philosophy on liberty, responsibility, and morality and the roles of each in maintaining a free-market economy. In part 2 Rogge humorously explains what economists can and cannot do to promote a free and prosperous society. Part 3, the longest section of the book, reflects Rogge's emphasis on the connection between education and liberty. The next two sections present microeconomic and macroeconomic issues, respectively. From energy policy to the effect of labor unions, from inflation to unemployment, the essays are tied together by Rogge's view that we should not sacrifice freedom piece by piece for immediate but temporary benefits. Part 6, "Foreign Policy and Economic Development," includes four discussions of economic issues in the context of foreign policy, emphasizing that trade is the best way to undermine the appeal of collectivism. The book's engaging and accessible writing style makes this collection a valuable one for younger scholars as well as interested general readers. Those who are already familiar with Rogge's work will benefit from its breadth of coverage and will be reminded again of how enjoyable, insightful, and relevant Rogge is to read yet today.

Selected Writings and Speeches of Professor D. R. Gadgil on Planning and Development, 1967-1971

Who was Jaipal Singh Munda? What was his political-intellectual contribution in Indian Independence and in building of a new India? What were the aspirations of the tribal society that Jaipal and other Tribal leaders were representing? Even after seventy years of Independence, history is silent on this. On one hand, there are hundreds of books, dramas and movies on many freedom fighters including Gandhi, Nehru, Jinnah, Ambedkar, and still many more new books are coming on them every day, but there is not a single book on Jaipal Singh Munda. It was the native people, who had built this country by giving the great civilization of Harappa-Mohanjodaro to the humankind. Was their representative Jaipal Singh Munda so insignificant that not a single book could have been written on him? If, he was the real heir of the first freedom-loving community in the colonial India, who had always been at the top of all spheres of knowledge, creation and conflict. And if, he had been a worthy leader of distinguished talent, then what're the reasons for which he has been neglected to that extent? Although, he had been neglected at the pan-Indian level, the ruling class could not erase Jaipal Singh Munda from Adivasi society, its history and the politics of Jharkhand. It is because of continuous storm surging in the form of Jharkhand movement never let erased the contribution and leadership of Jaipal Singh Munda from its conscience of historical

conflict.

A Maverick's Defense of Freedom

The new Liberty Fund edition of The Selected Writings of Sir Edward Coke includes selections from the four volumes of the Institutes and cases from the Reports, and several of Coke's speeches in Parliament. Taken together, these writings delineate the origin and nature of the modern common law and indicate the profound interrelationship in the English tradition of custom, common law, authority (of both Crown and Commons), and individual liberty. Coke's great law books and speeches are well represented on Magna Carta, citizenship, habeas corpus, freedom from wrongful search and arrest, the origins of law, judicial review, administrative law, judging, criminal law, the moral obligations of officials, the powers of King, Parliament, church, and the law, property and rights, and the profession and study of law. The Selected Writings of Sir Edward Coke is the first anthology of his works ever published. Steve Sheppard is a professor at the School of Law, University of Arkansas. He writes on constitutional history and theory, legal history, property law, and general jurisprudence, and he has edited The History of Legal Education (Salem Press, 1998). An Idealist in India: Selected Writings and Speeches of Sister Nivedita

On standards and policies of education in India in 20th century by a Bengali educationist; also includes a brief biographical sketch on him.

Selected Writings and Speeches of James E. Shepard, 1896-1946, Founder of North Carolina Central University

Posterity has often judged Margaret Elizabeth Noble (1867-1911), better known as Sister Nivedita as well as her guru, Swami Vivekananda (1863-1902), in widely different ways. Opinion remains divided over whether or not the Swami was more a patriot than prophet and Nivedita's biographers too have read her life and work variously, aided perhaps by the fact that the Sister remained deeply committed to the memory of her Master and his ideas even as she was increasingly drawn to a life of active politics, which, paradoxically, had been forbidden by none other than the Master himself. However, it is just as possible that neither Vivekananda nor his most illustrious disciple felt that there was an innate conflict between the spiritual and the social, between the quest for personal salvation and the collective

emancipation of the masses. Arguably, their deep and abiding commitment to India and Indians creatively bridged such seeming differences. Coinciding with her 150th birth anniversary, the present Anthology puts together in a handy, commemorative volume, representative speeches and writings of Sister Nivedita. Suitably annotated, these selections cover a wide array of subjects, ranging from the education of Indian women, Hindu religion and mythology to issues born of the burgeoning Indian nationalism of the times. There is also a substantive introduction that comments upon and contextualizes the selections included.

Selected Writings and Speeches on America. Edited, With an Introd., by Thomas H.D. Mahoney

No conservative library is complete without the thought of Edmund Burke, the founder of modern conservatism. This is the most comprehensive anthology of his works and speeches. Peter J. Stanlis, professor of humanities emeritus at Rockford College, has taken care to preserve the beauty of Burke's prose while selecting the most essential passages from his numerous writings. Included are: Burke's defense of the American colonists His advocacy of secure property rights His love of Christianity and Europe's moral tradition His impassioned jeremiad against the destruction wrought by the French Revolution Stanlis's introduction gives important insight into Burke's early life, education, professional training, literary and political career, prose style, political philosophy, and more.

Burke's Politics

The is the first and only collection of the writings and speeches of James E. Shepard, founder and president of the first State-supported liberal arts college for African Americans in the United States.

Malcolm X Speaks

"We've got some difficult days ahead," civil rights activist Martin Luther King, Jr., told a crowd gathered at Memphis's Clayborn Temple on April 3, 1968. "But it really doesn't matter to me now because I've been to the mountaintop. . . . And I've seen the promised land. I may not get there with you. But I want you to know tonight that we as a people will get to the promised land." These prophetic words, uttered the day before his assassination, challenged those he left behind to see that his "promised land" of racial equality became a reality; a reality to which King devoted the last twelve years of his life. These words and other are commemorated here in the only major one-volume collection of this seminal twentieth-century American prophet's writings, speeches, interviews, and autobiographical reflections. A Testament of Hope contains Martin Luther King, Jr.'s essential thoughts on nonviolence, social policy, integration, black nationalism, the ethics of love and hope, and more.
