30 Essential Skills for the Qualitative Researcher

King Shaka has survived a 1828 assassination attempt. Important trade routes have been secured. Yet all is far from calm in the Zulu Empire. The bulk of Shaka's army toils in the diseased swamps of Mozambique; the white men at Port Natal have begun disobeying his laws; and enemy tribes are slowly infiltrating Zulu territory. Both king and kingdom are more vulnerable than ever. With Shaka increasingly withdrawn, it falls to the Induna--his most loyal warrior--and his trusted sidekick, to quell this disquiet. And thus begins their adventure. The duo must solve mysteries, brave battles and shed blood--and in the process face off against bandits, thieves, slavers, cannibals and plotting princes--if their magnificent kingdom and its ailing creator are to stand a chance of enduring.

Bookseller

Women in Music: A Research and Information Guide is an annotated bibliography emerging from more than twenty-five years of feminist scholarship on music. This book testifies to the great variety of subjects and approaches represented in over two decades of published writings on women, their work, and the important roles that feminist outlooks have played in formerly male-oriented academic scholarship or journalistic musings on women and music.

Ecological Studies of Plant Communities

The World Atlas of Language Structures is a book and CD combination displaying the structural properties of the world's languages. Its 142 world maps and numerous regional maps are all in full colour. Each world map shows an average of 400 languages and is accompanied by a fully referenced description. The CD provides an interactive version of the database which allows the user to customize the maps and find and test correlations. The Atlas is an indispensable source of information for linguists, anthropologists, and geographers. It will be especially valuable for typologists, grammatical theorists, historical linguists, and those interested in a particular region. It sets new standards in comparative linguistics. No institution involved in language research can afford to be without it.

The People of the Sky

The Second Edition of 30 Essential Skills for the Qualitative Researcher provides practical, applied information for the novice qualitative researcher, addressing the "how" of conducting qualitative research in one brief guide. Author John W. Creswell and new co-author Johanna Creswell Báez draw on many examples from their own research experiences, sharing them throughout the book. The 30 listed skills are competencies that can help qualitative researchers conduct more thorough,

more rigorous, and more efficient qualitative studies. Innovative chapters on thinking like a qualitative researcher and engaging with the emotional side of doing qualitative research go beyond the topics of a traditional research methods text and offer crucial support for qualitative practitioners. By starting with a strong foundation of a skills-based approach to qualitative research, readers can continue to develop their skills over the course of a career in research. This revised edition updates skills to follow the research process, using new research from a wide variety of disciplines like social work and sociology as examples. Chapters on research designs now tie back explicitly to the five approaches to qualitative research so readers can better integrate their new skills into these designs. Additional figures and tables help readers better visualize data collection through focus groups and interviews and better organize and implement validity checks. The new edition provides further examples on how to incorporate reflexivity into a study, illuminating a challenging aspect of qualitative research. Information on writing habits now addresses co-authorship and provides more context and variation from the two authors.

Geography, Grade 12

A family in modern Botswana is wracked by losses from AIDS and caught in the tension of a society divided between

ancient traditions and beliefs and Western thought with white influences. Single parent Mara feels the urgency of holding on to her community's faith in ancient magic when she worries her family is threatened by a curse. Her 17-year-old daughter Mosa faces different kinds of threats as she seeks to rally her fellow female students to speak out against the sexual abuse they face in school and society at large. The only remaining son in the family, Stan, is torn between how he was raised and the opportunities for his future provided by his white teachers and the education system. A stirring novel about individuals struggling to define themselves as well as their family, this is an unforgettable glimpse into modern African culture and the challenges of balancing history against the hope of progress.

William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry. As provocative today as when it was first published in 1954, *Lord of the Flies* continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of *Lord of the Flies*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Women in Music

An award-winning play about the relationship between brothers. Nothing but the Truth is the story of two brothers, of sibling rivalry, of exile, of memory and reconciliation, and the ambiguities of freedom. The play was John Kani's debut as sole playwright and was first performed in the Market Theatre in Johannesburg. It won the 2003 Fleur du Cap Award for best actor and best new South African play. In the same year Kani was also awarded a special Obie award for his extraordinary contribution to theatre in the USA.
