"Harley is a ticking time bomb, ready to detonate with uncontrollable magic. The only solution? Find the Voodoo Queen of New Orleans, make some risky deals, and balance the Light and Darkness within her--before she's torn apart, atom by atom."--

How We Get Free

WINNER OF THE UK BLACK PRIDE LITERARY PRIZE FOR NON-FICTION DIVA AWARDS 2017 *AS SEEN ON TRANSFORMATION STREET* 'Opens minds, breaks down myths and vaporises prejudice - I loved it!' Rebecca Root, star of Boy Meets Girl
'Funny, thoughtful and honest' Stylist 'It's a boy!' or 'It's a girl!' are the first words almost all of us hear when we enter the world. Before our names, before we have likes and dislikes - before we, or anyone else, has any idea who we are. And two years ago, as Juno Dawson went to tell her mother she was (and actually, always had been) a woman, she started to realise just how wrong we've been getting it. Gender isn't just screwing over trans people, it's messing with everyone. From little girls who think they can't be doctors to teenagers who come to expect street harassment. From exclusionist feminists to 'alt-right' young men. From men who can't cry to the women who think they shouldn't. As her body gets in line with her mind, Juno tells not only her own story, but the story of everyone who is shaped by society's expectations of gender - and what we can do about it. Featuring insights from well-known gender, feminist and trans activists including Rebecca Root, Laura Bates, Gemma Cairney, Anthony Anaxagorou, Hannah Witton, Alaska Thunderfuck and many more, The Gender Games is a frank, witty and powerful manifesto for a world in which everyone can truly be themselves. The Gender Games has been

optioned by SunnyMarch Productions to be turned into an original television series, written by Rose Lewenstein.

Full Moon Gender Swap

- Over 11 million copies sold - #1 New York Times Bestseller for 8 years running - Now celebrating its 25th anniversary
Simple ideas, lasting love Falling in love is easy. Staying in love—that’s the challenge. How can you keep your relationship fresh and growing amid the demands, conflicts, and just plain boredom of everyday life? In the #1 New York Times bestseller *The 5 Love Languages*, you’ll discover the secret that has transformed millions of relationships worldwide. Whether your relationship is flourishing or failing, Dr. Gary Chapman’s proven approach to showing and receiving love will help you experience deeper and richer levels of intimacy with your partner—starting today. *The 5 Love Languages* is as practical as it is insightful. Updated to reflect the complexities of relationships today, this new edition reveals intrinsic truths and applies relevant, actionable wisdom in ways that work. Includes the Couple's Personal Profile assessment so you can discover your love language and that of your loved one.

On Tyranny

For fans of *The Hunger Games* and *Divergent* comes a story like no other A toxic river divides nineteen-year-old Violet Bates's world by gender. Women rule the East. Men rule the West. Welcome to the lands of Matrus and Patrus.

The Ballad of Songbirds and Snakes (A Hunger Games Novel)

Discovering Literacy : Access Routes to Written Culture for a Group of Women in Mexico

The Gender End

The Gender Plan

Black feminists remind us “that America’s destiny is inseparable from how it treats [black women] and the nation ignores this truth at its peril” (*The New York Review of Books*). Winner of the 2018 Lambda Literary Award for LGBTQ Nonfiction “If Black women were free, it would mean that everyone else would have to be free.” —Combahee River Collective Statement
The Combahee River Collective, a path-breaking group of radical black feminists, was one of the most important organizations to develop out of the antiracist and women’s liberation movements of the 1960s and 70s. In this collection of

essays and interviews edited by activist-scholar Keeanga-Yamahtta Taylor, founding members of the organization and contemporary activists reflect on the legacy of its contributions to Black feminism and its impact on today's struggles. "A striking collection that should be immediately added to the Black feminist canon." —Bitch Media "An essential book for any feminist library." —Library Journal "As white feminism has gained an increasing amount of coverage, there are still questions as to how black and brown women's needs are being addressed. This book, through a collection of interviews with prominent black feminists, provides some answers." —The Independent "For feminists of all kinds, astute scholars, or anyone with a passion for social justice, How We Get Free is an invaluable work." —Ethnic and Racial Studies Journal

Delusions of Gender: How Our Minds, Society, and Neurosexism Create Difference

"For the sake of Viggo, my brother, my family in Patrus, and every single citizen of our God-forsaken nations, I had to stop the war." Continue Violet and Viggo's journey in the ELECTRIFYING fourth book of The Gender Game series! Buy now.

Beyond the Gender Binary

From language and clothes, to toys and the media, society inflicts unwritten rules on each gender from birth. Aiming to make people aware of the way gender is constructed and constantly reinforced, this diary chronicles the differences two parents noticed while raising their son and daughter. Adapted from tweets and blogs the couple kept throughout parenthood, this collection shows how culture, family and even the authors themselves are part of the 'gender police' that can influence a child's identity, and offers ideas for how we can work together to challenge the gender stereotypes that are ingrained in our society.

The 5 Love Languages

Video games have long been seen as the exclusive territory of young, heterosexual white males. In a media landscape dominated by such gamers, players who do not fit this mold, including women, people of color, and LGBT people, are often brutalized in forums and in public channels in online play. Discussion of representation of such groups in games has frequently been limited and cursory. In contrast, *Gaming at the Edge* builds on feminist, queer, and postcolonial theories of identity and draws on qualitative audience research methods to make sense of how representation comes to matter. In *Gaming at the Edge*, Adrienne Shaw argues that video game players experience race, gender, and sexuality concurrently. She asks: How do players identify with characters? How do they separate identification and interactivity? What is the role of fantasy in representation? What is the importance of understanding market logic? In addressing these questions Shaw reveals how representation comes to matter to participants and offers a perceptive consideration of the high stakes in

politics of representation debates. Putting forth a framework for talking about representation, difference, and diversity in an era in which user-generated content, individualized media consumption, and the blurring of producer/consumer roles has lessened the utility of traditional models of media representation analysis, Shaw finds new insight on the edge of media consumption with the invisible, marginalized gamers who are surprising in both their numbers and their influence in mainstream gamer culture.

Discovering Literacy

"This is our world. Like many things in nature it's round and holds everyone at the same time. This is the Gender Wheel. Like our world it's round and holds everyone at the same time too" In 2010 Maya introduced the Gender Wheel and the Gender Team in the Gender Now Coloring Book. It was a jammed packed coloring extravaganza exploring bodies, nature and history in relation to multiple gender identities. It also opened up the possibility of play and expansion around our still limited language of "boy" and "girl." Now the Gender Team returns, expanded and stronger than before, inviting you on a picture book journey through the Gender Wheel. This body positive book is a powerful opportunity for a supportive adult and child to see a wide range of bodies, understand the origins of the current binary gender system, how we can learn from nature to see the truth that has always existed and revision a new story that includes room for all bodies and genders. The Gender Wheel offers a nature-based, holistic non-western framework of gender in a kid-friendly way. (Also available as a clothed School Edition.) www.genderwheel.com They She He Me: Free to Be! is a powerful companion to this book and uses pronouns as a place to expand ideas about gender and celebrate personal expression. Together these books offer an integrated foundation to talk to kids about gender and expand our thinking as we remember that we ALL belong.

UnSouled

Curt's having the worst luck: his date just stood him up, he just sat in someone's cheesy nachos at the movie theatre, and a crazy naked woman BIT him in the alley outside. It's true what they say, weird things do happen at the full moon. Little does Curt know that the woman who bit him in the alley has infected him. His full moon nights are about to get a lot weirder, because from now on, he'll become a sex-hungry woman when the moon is fully exposed. His female self's appetites are insatiable when the full moon is in the sky. He can only refer to himself as a werewoman. He enlists Kathy, his oldest friend and the only person who will believe him, to help him deal with the werewoman. Together, they manage to find a bright spot in all the madness. Author's note: This is a standalone romance story with a HAE ending! Two bonus gender swap romance stories have been included as a thank you to my readers! Warning: This 15,000-word novella contains graphic language and steamy descriptions of gender transformation and sex.

The Gender Game 5

Pocket Change Collective was born out of a need for space. Space to think. Space to connect. Space to be yourself. And this is your invitation to join us. "Thank God we have Alok. And I'm learning a thing or two myself."--Billy Porter, Emmy award-winning actor, singer, and Broadway theater performer "When reading this book, all I feel is kindness."--Sam Smith, Grammy and Oscar award-winning singer and songwriter "Beyond the Gender Binary will give readers everywhere the feeling that anything is possible within themselves"--Princess Nokia, musician and co-founder of the Smart Girl Club "A fierce, penetrating, and empowering call for change."-- Kirkus Reviews, starred review In Beyond the Gender Binary, poet, artist, and LGBTQIA+ rights advocate Alok Vaid-Menon deconstructs, demystifies, and reimagines the gender binary. Pocket Change Collective is a series of small books with big ideas from today's leading activists and artists. In this installment, Beyond the Gender Binary, Alok Vaid-Menon challenges the world to see gender not in black and white, but in full color. Taking from their own experiences as a gender-nonconforming artist, they show us that gender is a malleable and creative form of expression. The only limit is your imagination.

Diagnostic and Statistical Manual of Mental Disorders (DSM-5®)

The pulse-pounding second book in The Gender Game series. Gliding over the treacherous Green in a shaky aircraft that she has no idea how to land, Violet Bates is still in shock. The harrowing events of the previous night play over in her mind as she asks herself question after question. Why did Lee Desmond Bertrand behave the way he did? What is the truth about the mysterious silver egg stowed beneath her seat? What happened to Viggo and where is her brother? Is either of them still alive? When Violet manages to reach the toxic ground alive, she has landed in a world of unimaginable danger. She has barely time to catch her breath before she is sucked into a perilous journey at breakneck speed - to uncover secrets guarded for centuries and find the only two people that matter. BUY NOW

Reading the past, writing the future

World Atlas of Gender Equality in Education

In previous books, Holocaust historian Timothy Snyder dissected the events and values that enabled the rise of Hitler and Stalin and the execution of their catastrophic policies. With Twenty Lessons, Snyder draws from the darkest hours of the twentieth century to provide hope for the twenty-first. As he writes, "Americans are no wiser than the Europeans who saw

democracy yield to fascism, Nazism and communism. Our one advantage is that we might learn from their experience."

Just One of the Guys?

'Scattered with inspiring life-stories of courageous women.' The Guardian In the early years of the People's Republic, the Communist Party sought to transform gender relations. Yet those gains have been steadily eroded in China's post-socialist era. Contrary to the image presented by China's media, women in China have experienced a dramatic rollback of rights and gains relative to men. In *Leftover Women*, Leta Hong Fincher exposes shocking levels of structural discrimination against women, and the broader damage this has caused to China's economy, politics, and development.

The Mating Game

After the destruction of the Graveyard, Connor and Lev are on the run, seeking a woman who may be the key to bringing down unwinding forever while Cam, the rewind boy, tries to prove his love for Risa by bringing Proactive Citizenry to its knees.

The Gender War

The conclusion to Violet and Viggo's journey and to the Gender game series.

Gaming at the Edge

New from Ian McEwan, Booker Prize winner and international bestselling author of *Atonement* and *The Children Act* *Machines Like Me* takes place in an alternative 1980s London. Charlie, drifting through life and dodging full-time employment, is in love with Miranda, a bright student who lives with a terrible secret. When Charlie comes into money, he buys Adam, one of the first synthetic humans and—with Miranda's help—he designs Adam's personality. The near-perfect human that emerges is beautiful, strong, and clever. It isn't long before a love triangle soon forms, and these three beings confront a profound moral dilemma. In his subversive new novel, Ian McEwan asks whether a machine can understand the human heart—or whether we are the ones who lack understanding.

Invisible Women

"This is where sex and gender collide, then ricochet like fragments of heart rending shrapnel. Rarely has a book about lust

been full of so much love, conflict, and intelligence. If you think you already know what's in these stories, or you think you don't need to know, you're wrong."—Patrick Califa, author of *Sex Changes: The Politics of Transgenderism Exploring the crossroads of gender and sexuality*, *Trans/Love: Radical Sex, Love & Relationships Beyond the Gender Binary* offers unusually engaging narratives that create a raw and honest depiction of dating, sex, love, and relationships among members of the gender variant community. FTM, MTF, thirdgender, genderqueer, and other non-traditional identities beyond the gender binary of traditional male and female are included in this often heartwarming, occasionally heartbreaking, always heartfelt groundbreaking anthology. From monogamous love and marriage to anonymous sex and one-night hook-ups (and everything in between), these stories offer readers insight into the precarious emotional and practical mechanics of intimacy among gender-variant experiences. Features contributions from award-winning authors including Julia Serano, Sassafras Lowery, and Max Valerio, alongside outstanding new writing by Tribe 8 guitarist and acclaimed film director Silas Howard, activist Joelle Ruby Ryan, filmmaker Ashley Altadonna, SisterSpit alum Cooper Lee Bombardier, and many other unique and talented voices. Morty Diamond is the editor of the critically-acclaimed anthology *From the Inside Out: Radical Gender Transformation, FTM and Beyond*. His performance work includes *My Year In Pink* and *Ask A Tranny*, a public performance piece on acceptance of and education about the trans experience.

The Gender Agenda

Despite enormous changes in patterns of dating and courtship in twenty-first-century America, contemporary understandings of romance and intimacy remain firmly rooted in age-old assumptions of gender difference. These tenacious beliefs now vie with cultural messages of gender equality that stress independence, self-development, and egalitarian practices in public and private life. Through interviews with heterosexual and LGBTQ individuals, Ellen Lamont's *The Mating Game* explores how people with diverse sexualities and gender identities date, form romantic relationships, and make decisions about future commitments as they negotiate uncertain terrain fraught with competing messages about gender, sexuality, and intimacy.

SAGA Science, Technology and Innovation Gender Objectives List

Twenty-year-old Liana Castell must be careful what she thinks. Her life is defined by the number on her wristband -- a rating out of ten awarded based on her usefulness and loyalty to the Tower, and monitored by a device in her skull. A device that reports forbidden thoughts. Liana is currently a four, the lowest possible acceptable score. When her worst nightmare comes to pass and she drops to a three, desperation spurs her down a path few dare to tread.

The Gender Games

"I just had to believe we'd dealt a death blow of our own. That today would be the beginning of the end" Ready for the explosive PENULTIMATE BOOK in The Gender Game series? (As we move toward the grand finale in Book 7: The Gender End). Order now!

Gender Trouble

The fact that men and women continue to receive unequal treatment at work is a point of contention among politicians, the media, and scholars. Common explanations for this disparity range from biological differences between the sexes to the conscious and unconscious biases that guide hiring and promotion decisions. Just One of the Guys? sheds new light on this phenomenon by analyzing the unique experiences of transgender men—people designated female at birth whose gender identity is male—on the job. Kristen Schilt draws on in-depth interviews and observational data to show that while individual transmen have varied experiences, overall their stories are a testament to systemic gender inequality. The reactions of coworkers and employers to transmen, Schilt demonstrates, reveal the ways assumptions about innate differences between men and women serve as justification for discrimination. She finds that some transmen gain acceptance—and even privileges—by becoming “just one of the guys,” that some are coerced into working as women or marginalized for being openly transgender, and that other forms of appearance-based discrimination also influence their opportunities. Showcasing the voices of a frequently overlooked group, Just One of the Guys? lays bare the social processes that foster forms of inequality that affect us all.

The Gender Game

Ambition will fuel him. Competition will drive him. But power has its price.

The Gender Lie

Continue Violet and Viggo's journey in the EXPLOSIVE third book of the bestselling The Gender Game series.

The Girl Who Dared to Think

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist

of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

Gender Divide and the Computer Game Industry

"This book takes a look at the games industry from a gendered perspective and highlights the variety of ways in which women remain underrepresented in this industry"--Provided by publisher.

Who Are You?

What do you like? How do you feel? Who are you? This brightly illustrated children's book provides a straightforward introduction to gender for anyone aged 5-8. It presents clear and direct language for understanding and talking about how we experience gender: our bodies, our expression and our identity. An interactive three-layered wheel included in the book is a simple, yet powerful, tool to clearly demonstrate the difference between our body, how we express ourselves through our clothes and hobbies, and our gender identity. Ideal for use in the classroom or at home, a short page-by-page guide for adults at the back of the book further explains the key concepts and identifies useful discussion points. This is a one-of-a-kind resource for understanding and celebrating the gender diversity that surrounds us.

The Gender Secret

THE LEFT HAND OF DARKNESS

A collection of important recent work on the counterfactual analysis of causation.

Undead Girl Gang

Continue Violet and Viggo's heart-racing journey in the epic fifth book of The Gender Game series. Order now.

Whose Game?

Data is fundamental to the modern world. From economic development, to healthcare, to education and public policy, we rely on numbers to allocate resources and make crucial decisions. But because so much data fails to take into account gender, because it treats men as the default and women as atypical, bias and discrimination are baked into our systems. And women pay tremendous costs for this bias, in time, money, and often with their lives. Celebrated feminist advocate Caroline Criado Perez investigates shocking root cause of gender inequality and research in *Invisible Women*, diving into women's lives at home, the workplace, the public square, the doctor's office, and more. Built on hundreds of studies in the US, the UK, and around the world, and written with energy, wit, and sparkling intelligence, this is a groundbreaking, unforgettable exposé that will change the way you look at the world.

Leftover Women

"A fun, fast read it will resonate with readers who dabble in any sort of arts, dark or otherwise." --NPR.org "With a singular and hilariously cutting teen voice, *UNDEAD GIRL GANG* is sure to be one of the most talked-about YA novels of the year." --BookPage
Veronica Mars meets *The Craft* when a teen girl investigates the suspicious deaths of three classmates and accidentally ends up bringing them back to life to form a hilariously unlikely--and unwilling--vigilante girl gang. Meet teenage Wiccan Mila Flores, who truly could not care less what you think about her Doc Martens, her attitude, or her weight because she knows that, no matter what, her BFF Riley is right by her side. So when Riley and Fairmont Academy mean girls June Phelan-Park and Dayton Nesseth die under suspicious circumstances, Mila refuses to believe everyone's explanation that her BFF was involved in a suicide pact. Instead, armed with a tube of lip gloss and an ancient grimoire, Mila does the unthinkable to uncover the truth: she brings the girls back to life. Unfortunately, Riley, June, and Dayton have no recollection of their murders. But they do have unfinished business to attend to. Now, with only seven days until the spell wears off and the girls return to their graves, Mila must wrangle the distracted group of undead teens and work fast to discover their murderer before the killer strikes again.

Machines Like Me

Using findings from the latest information in developmental psychology, neuroscience and education, this book debunks the assumed differences between male and female brain function and reveals the brain's remarkable plasticity and the influence of culture on identity. Reprint.

Male Roles, Masculinities and Violence

"This book uses surveys and interviews with participants in online fantasy sports leagues to interrogate what they get out of

their play. Many men use fantasy sports to perform a sporting masculinity unavailable to them through traditional sports participation"--

Harley Merlin 5

This new edition of Diagnostic and Statistical Manual of Mental Disorders (DSM-5®), used by clinicians and researchers to diagnose and classify mental disorders, is the product of more than 10 years of effort by hundreds of international experts in all aspects of mental health. Their dedication and hard work have yielded an authoritative volume that defines and classifies mental disorders in order to improve diagnoses, treatment, and research. The criteria are concise and explicit, intended to facilitate an objective assessment of symptom presentations in a variety of clinical settings -- inpatient, outpatient, partial hospital, consultation-liaison, clinical, private practice, and primary care. New features and enhancements make DSM-5® easier to use across all settings: The chapter organization reflects a lifespan approach, with disorders typically diagnosed in childhood (such as neurodevelopmental disorders) at the beginning of the manual, and those more typical of older adults (such as neurocognitive disorders) placed at the end. Also included are age-related factors specific to diagnosis. The latest findings in neuroimaging and genetics have been integrated into each disorder along with gender and cultural considerations. The revised organizational structure recognizes symptoms that span multiple diagnostic categories, providing new clinical insight in diagnosis. Specific criteria have been streamlined, consolidated, or clarified to be consistent with clinical practice (including the consolidation of autism disorder, Asperger's syndrome, and pervasive developmental disorder into autism spectrum disorder; the streamlined classification of bipolar and depressive disorders; the restructuring of substance use disorders for consistency and clarity; and the enhanced specificity for major and mild neurocognitive disorders). Dimensional assessments for research and validation of clinical results have been provided. Both ICD-9-CM and ICD-10-CM codes are included for each disorder, and the organizational structure is consistent with the new ICD-11 in development. The Diagnostic and Statistical Manual of Mental Disorders, Fifth Edition, is the most comprehensive, current, and critical resource for clinical practice available to today's mental health clinicians and researchers of all orientations. The information contained in the manual is also valuable to other physicians and health professionals, including psychologists, counselors, nurses, and occupational and rehabilitation therapists, as well as social workers and forensic and legal specialists.

The Gender Wheel

"The education of girls and women is important not only as a matter of respecting a basic human right for half the population but as a powerful force for economic development and achieving social goals such as enhanced health, nutrition and civic involvement. This Atlas presents the latest data from the UNESCO Institute for Statistics on trends in educational

access and progression, from pre-primary through tertiary levels and adult literacy, with special attention to the all-important issue of gender equality. These trends are depicted through colour-coded maps that make it easy for readers to visualize global and regional trends and to understand how they are shaped by factors such as national wealth and geographic location." -- P. [4] of cover.

Trans/Love

Since its initial publication in 1990, this book has become a key work of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture. This is the text where the author began to advance the ideas that would go on to take life as "performativity theory," as well as some of the first articulations of the possibility for subversive gender practices. Overall, this book offers a powerful critique of heteronormativity and of the function of gender in the modern world.
