Congressional Record Index

Paradise Lost is an epic poem in twelve books, in English heroic verse without rhyme, by John Milton (C. P. P.) and was published in 1667. The subject is the fall of man, and the expulsion from Paradise.

Two American Crusades

This text provides a balanced analysis of geopolitics and geoeconomics and their interrelationship. Its presentation combines a theoretical approach with both historical and contemporary perspectives in order to comprehensively depict the evolution of the global political economy. The author critically examines the interdependent relations among industrialized countries as well as the dependent relations between industrialized and less developed countries.

Angler

Dissenting intellectuals analyze the collision of military neoliberalism with the politics of the spectacle.

The Cinema of Sean Penn

When Malcolm spots an advertisement for Mystic Mack's Grow A Ghost, he jumps at the chance to have a butler ghost to do his chores and homework, and spy on his sister--but soon things start to go wrong, and this ghost proves difficult to get

rid of.

Israfax

The long-awaited exposé of 9/11 and Peak Oil - by the "Godfather of 9/11 research."

Includes history of bills and resolutions.

The Struggle for Peace in Central America

Employing an analytic construct known as a comparative, foreign-policy analysis framework, the author compares substantive changes in U.S. foreign policy and international politics at two crucial junctures in American history: post-WWII period in which the Cold War began altering U.S. foreign policy for the subsequent fifty-years period versus post 9/11 attacks on the U.S. The volume's framework lends itself to a multi-causal view of foreign policy including multiple theories and permits readers to determine what theories best explain changes in U.S. foreign policy. The volume provides a conceptual definition of foreign policy and examines external inputs, societal, governmental and individual and role inputs to U.S. foreign policy. For those interested in a comprehensive analysis of post-9/11 U.S. foreign policy.

The Rebellion Record

How terrorism is portrayed by the news media, and thus perceived by the public, is directly linked to government's foreign policy goals. Steven Livingston demonstrates the complex interactions among the press, the public, and political actors in illuminating a policymaking process that relies on image management as one strategy in achieving policy objectives—not just in combating terrorism but also in handling other foreign policy problems.

The Terrorism Spectacle

New York Times bestselling author of *The Word Shipmates* and contributor to NPR's "This American Life" Sarah Vowell embarks on a road trip to sites of political violence, from Washington DC to Alaska, to better understand our nation's ever-evolving political system and history.

Paradise Lost

World Press Review

The landmark exposé of the most powerful and secretive vice president in American history Barton Gellman shared the Pulitzer Prize in 2008 for a keen-edged reckoning with Dick Cheney's domestic agenda in The Washington Post. In Angler, Gellman goes far beyond that series to take on the full scope of Cheney's work and its consequences, including his hidden role in the Bush administration's most fateful choices in war: shifting focus from al Qaeda to Iraq, unleashing the National Security Agency to spy at home, and promoting cruel and inhumane methods of interrogation. Packed with fresh insights and untold stories, Gellman parts the curtains of secrecy to show how the vice president operated and what he wrought. An inspiration for the film Vice, starring Christian Bale, Amy Adams, and Steve Carrell.

National Review

Here is the first in-depth analysis and comparison of U.S. policy in two seminal conflicts of our recent history: the Cold War and the Global War on Terrorism. Unlike previous publications, which deal with each conflict separately, Two American Crusades treats the two as a seamless web, from the passions of the medieval Crusades through the long twilight struggle of the Cold War to the campaign against al Qaeda and ISIS stemming from the rise of radical political Islam. National security and foreign policy professionals, members of the academic community, and general readers alike will benefit from the insights revealed in this book that exert a profound influence on current international affairs and America's role. Two American Crusades also illustrates why a peace dividend continues to elude the United States. REVIEWS and WORDS OF PRAISE A history of American foreign policy that is sweeping in scope and penetrating in its analysis. Two American Crusades makes two original contributions. First, it surveys and

compares America's role in the Cold War and the Global War on Terrorism. Second, it argues that U.S. policy was driven by a crusading impulse to promote its democratic values around the world, incurring a high cost in blood, treasure, and moral authority. *Two Crusades* concludes by stating that the war on terrorism is veering away from the battlefield as America retrenches, re-evaluates its role in the world, and pursues a less aggressive foreign policy. --Benjamin B. Fischer, former Chief Historian of the Central Intelligence Agency A sweeping and valuable examination of the America's two momentous struggles since World War II—the Cold War against the Soviet Union and the Global War on Terrorism against al Qaeda and other networks. Dr. Leighton provides a sobering account of these protracted conflicts and the legacies they left behind. --Seth G. Jones, Harold Brown Chair at the Center for Strategic and International Studies (CSIS) and author of *A Covert Action: Reagan, the CIA, and the Cold War Struggle in Poland*. A meticulously researched and convincingly argued work that makes a major contribution to our understanding of the past 75 years of American history. Many have written about the Cold War and, separately, the Global War on Terrorism. Dr. Leighton takes an innovative approach and treats the two as a seamless continuum. --Igor Lukes, Professor of History and International Relations, Boston University, and author of *On the Edge of the Cold War: American Diplomats and Spies in Postwar Prague*. The demise of the Soviet Union dovetailed with the advent of Islamic terrorism. Dr. Leighton expertly describes these conflicts, provides experienced analyses about the past, and projects the difficulties ahead. --Richard R. Valcourt, Editor-in-Chief Emeritus, *International Journal of Intelligence and Counterintelligence* Academe has long kept the Cold War and the Global War on Terrorism in separate silos. Dr. Leighton breaks new ground by revealing the nexus between the two crusades. She critiques a US strategy that defeated the Soviet army in Afghanistan but left the Islamist fighters there free to wage a jihad against the United States. The result was 9/11, which in turn triggered the Global War on Terrorism. --Dr. Leif Rosenberger, Adjunct Professor at the Graduate School of Public and International Affairs, University of Pittsburgh, former Chief Economist at CENTCOM and PACOM, and author of *Economic Statecraft and US Foreign Policy: Reducing the Demand for Violence*.

Although best known as an Academy Award winning actor, Sean Penn's directorial works *The Indian Runner* (1991), *The Crossing Guard* (1995), *The Pledge* (2001), and *Into the Wild* (2007), consist of some of the most interesting and singular films made in the United States over the past twenty years. Each of Penn's directorial films and much of the cinema he has acted in are set in an immediate past in which a "stalled" time and a restricted locale apply narrative constraints. At the same time, these films all feature a sophisticated web of intertextual relations, involving actors, songs, books, films, and directors, and the political lineage to which Penn belongs, which reveal the deep cultural structures that concern each particular film.

Crossing the Rubicon

Drug Law Enforcement

This volume exposes the international linkages of terrorism, including analyses by ranking members of U.S. enforcement agencies and text of the captured documents and personal testimonies of former intelligence officials from the USSR, Eastern Europe and Central America. It presents detailed information about the operational principles, infrastructure, and international and regional coordination of the terrorist networks, and their links with Narcotics International. Part I contains essays by CIA director William J. Casey, author Claire Sterling, USIA Policy Officer Herbert Romerstein and others on the international linkages of terrorism and other low-intensity operations. Part II contains papers captured in Grenada and Lebanon; interviews with former Soviet, East European, and Sandinista intelligence officials; and minutes of conversations between PLO and Soviet leaders.
