Veronica

The Mentalist Prophecies - Book One

Now a Netflix Film This intricate, fast-paced story, whose many scenes and details fit together like so many pieces of a jigsaw puzzle, is Didion's incisive and chilling look at a modern world where things are not working as they should and where the oblique and official language is as sinister as the events it is covering up. The narrator introduces Elena McMahon, estranged from a life of celebrity fundraisers and from her powerful West Coast husband, Wynn Janklow, whom she has left, taking Catherine, her daughter, to become a reporter for The Washington Post. Suddenly walking off the 1984 campaign, she finds herself boarding a plane for Florida to see her father, Dick McMahon. She becomes embroiled in her Dick's business though "she had trained herself since childhood not to have any interest in what he was doing." It is from this moment that she is caught up in something much larger than she could have imagined, something that includes Ambassador-at-Large Treat Austin Morrison and Alexander Brokaw, the ambassador to an unnamed Caribbean island. Into this startling vision of conspiracies, arms dealing, and assassinations, Didion makes connections among Dallas, Iran-Contra, and

Castro, and points up how "spectral companies with high-concept names tended to interlock." As this book builds to its terrifying finish, we see the underpinnings of a dark historical underbelly. This is our system, the one "trying to create a context for democracy and getting [its] hands a little dirty in the process."

At last, a 'life of Jesus' you can read without having to pick up a bible! About 70% of the population of the United Kingdom identify themselves as Christian. However it is clear from quiz shows, general conversations and aspects of national life that most people know very little of the Bible, not even the short gospel narratives – the stories of Jesus – which are the basis of the Christian faith. Perhaps a reason for this lack of knowledge could be that the four gospels are often set in small print and columns amongst the rest of the 66 books of the seemingly formidable library we know as 'the Bible'. In order to make the gospels more readily accessible to today's byte-size world, John Swift has integrated the gospels of Matthew, Mark, Luke and John into one narrative in his new book, One for All. Based on several bible translations and a number of scholarly commentaries, Swift's diatessaron brings together the gospels in a way which is different from any other. It comes with helpful notes about Judaism and the resultant chronology of the last week which has emerged will surprise many readers

Excel 2007 All-In-One Desk Reference For Dummies

WINNER OF THE PULITZER PRIZE From the highly acclaimed, multiple award-winning Anthony Doerr, the beautiful, stunningly ambitious instant New York Times bestseller about a blind French girl and a German boy whose paths collide in

occupied France as both try to survive the devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History, where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great-uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, a National Book Award finalist, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer "whose sentences never fail to thrill" (Los Angeles Times).
