Envy

A New York Times Notable Book: A psychologist's "gripping and thought-provoking" look at how and why our brains sometimes fail us (Steven Pinker, author of *How the Mind Works*). In this intriguing study, Harvard psychologist Daniel L. Schacter explores the memory miscues that occur in everyday life, placing them into seven categories: absent-mindedness, transience, blocking, misattribution, suggestibility, bias, and persistence. Illustrating these concepts with vivid examples—case studies, literary excerpts, experimental evidence, and accounts of highly visible news events such as the O. J. Simpson verdict, Bill Clinton's grand jury testimony, and the search for the Oklahoma City bomber—he also delves into striking new scientific research, giving us a glimpse of the fascinating neurology of memory and offering "insight into common malfunctions of the mind" (*USA Today*). "Though memory failure can amount to little more than a mild annoyance, the consequences of misattribution in eyewitness testimony can be devastating, as can the consequences of suggestibility among pre-school children and among adults with 'false memory syndrome' . . . Drawing upon recent neuroimaging research that allows a glimpse of the brain as it learns and remembers, Schacter guides his readers on a fascinating journey of the human mind." —*Library Journal* "Clear, entertaining and provocative . . .

Encourages a new appreciation of the complexity and fragility of memory.” —The Seattle Times “Should be required reading for police, lawyers, psychologists, and anyone else who wants to understand how memory can go terribly wrong.” —The Atlanta Journal-Constitution “A fascinating journey through paths of memory, its open avenues and blind alleys . . . Lucid, engaging, and enjoyable.” —Jerome Groopman, MD “Compelling in its science and its probing examination of everyday life, *The Seven Sins of Memory* is also a delightful book, lively and clear.” —Chicago Tribune Winner of the William James Book Award

Original Sin

Published by Methuen Drama, the collected dramatic works of Bertolt Brecht are presented in the most comprehensive and authoritative editions of Brecht's plays in the English language. This second volume of Brecht's Collected Plays brings together some of his most glittering Berlin successes including *The Threepenny Opera*, *The Rise and Fall of the City of Mahagonny*, *The Seven Deadly Sins*, *Man Equals Man* and *The Elephant Calf*. *The Threepenny Opera* is the story of the mercurial beggar turned entrepreneur Peachum and his battles with the criminal Mac 'the Knife'; *Mahagonny*, an operatic satire on the search for an American capitalist utopia; *The Seven Deadly Sins* is a ballet with songs that predicts the downfall of the petty bourgeoisie and was first performed as the Nazis planned their book burning exercise. *Man equals Man* is an exploration of the theory of equality and *The Elephant Calf* is a play within a play based on an Indian folk story. The translators include W H Auden and Chester Kallman, Ralph Manheim, Gerhard Nellhaus and John Willett. The translations are ideal for both study and performance. The volume is accompanied by a full introduction and notes by the series editor John Willett and includes Brecht's own notes and relevant texts as well as all the important textual variants.

Brecht Collected Plays: 2

I have lost those who I have loved. I have bled for those I hate. I have lied to those who are honest. What am I? You're a sinner dressed in white. You're a ghost in the night. You're the demons that I fight. Who are you? Both of us were sinners. She was hell-bent on revenge, and I was determined to let her have it. She was a beautiful sin that alone would be my damnation. And for her, I was willing to dig my own grave. She took what little pride I had left and made me look like a fool. I lusted for a taste of her darkness, for it was the same color as mine. I envied the way she was able to say no, as if she really meant it. I will endure the wrath of having her no matter the cost of my greed. But I have always been a glutton for punishment without any propensity of sloth. She became my obsession and like any other drug, she took all the pain away but brought me to a new level of low. Too bad falling in love with her brought on a different kind of hell that I wasn't sure we would live through. We were both running from a past that was going to tear apart our future. What I thought was going to be a beautiful beginning turned out to be a torturous end.

Scott Kelby, author of *The Digital Photography Book*, part 1, the top-selling digital photography book of all time, is back with an entirely new book that picks up right where part 1 left off. It's more of that "Ah ha-so that's how they do it," straight-to-the-point, skip-the-techno-jargon stuff you can really use today that made part 1 so successful. This book truly has a

brilliant premise, and here's how Scott describes it: "If you and I were out on a shoot and you asked me, 'When I use my flash, the background behind the person I'm shooting turns black. How do I fix that?' I wouldn't give you a lecture on flash ratios, or start a discussion on flash synchronization and rear curtain sync. I'd just say, 'Lower your shutter speed to 1/60 of a second. That should do it.' Well, that's what this book is all about: you and I out shooting, where I answer questions, give you advice, and share the secrets I've learned just like I would with a friend-without all the technical explanations and techie photo speak." Each page covers a single concept on how to make your photography better. Every time you turn the page, you'll learn another pro setting, tool, or trick to transform your work from snapshots into gallery prints. If you're tired of taking shots that look "okay," and if you're tired of looking in photography magazines and thinking, "Why don't my shots look like that?" then this is the book for you. This isn't a book of theory—full of confusing jargon and detailed concepts. This is a book on which button to push, which setting to use, and when to use it. With over 200 of the most closely guarded photographic "tricks of the trade," this book gets you shooting dramatically better-looking, sharper, more colorful, more professional-looking photos every time.

students? Or do you want to raise interest in starting a drama ministry? A monologue is your ticket -- one-person scripts that require little or no costumes or props, yet can be as powerful as a three-act play. - To the Tune of CCM (And More) . . . Take the music many of your students listen to, and use it for dramatic purposes! These scripts each use a song by a Christian artist (or a song whose lyrics encourage or challenge Christians).
