WONDER IS NOW A MAJOR MOTION PICTURE STARRING JULIA ROBERTS AND JACOB TREMBLAY! Over 8 million people have read the #1 New York Times bestseller Wonder—the book that inspired the Choose Kind movement—and have fallen in love with Auggie Pullman, an ordinary boy with an extraordinary face. In Wonder, readers were introduced to memorable English teacher Mr. Browne and his love of precepts. This companion book features conversations between Mr. Browne and Auggie, Julian, Summer, Jack Will, and others, giving readers a special peek at their lives after Wonder ends. Mr. Browne's essays and correspondence are rounded out by a precept for each day of the year—drawn from popular songs to children's books to inscriptions on Egyptian tombstones to fortune cookies. His selections celebrate the goodness of human beings, the strength of people's hearts, and the power of people's wills. There's something for everyone here, with words of wisdom from such noteworthy people as Anne Frank, Martin Luther King Jr., Confucius, Goethe, Sappho—and over 100 readers of Wonder who sent R. J. Palacio their own precepts.

Ken Jennings's Trivia Almanac is the ingeniously organized book where, for a change, the all-time Jeopardy! champ gets to ask the questions—and where every day of the year will give you the chance to test your trivia mettle. For example—February 21: In 1912, on this day, Teddy Roosevelt coined the political phrase “hat in the ring,” so Ken Jennings fires off a series of “ring” questions. What two NFL quarterbacks have four Super Bowl rings each?\* What rings are divided by the Cassini Division?\*\* Also on this date, in 1981, the “goth” music scene was born in London, so here's a quiz on black-clad icons like Darth Vader, Johnny Cash, and Zorro. Do you know the secret identities of Ivanhoe's Black Knight\*\*\* or Men in Black's Agent M\*\*\*\*? In this ultimate book for trivia buffs and other assorted know-it-alls, the 365 entries feature “This Day in History” factoids, trivia quizzes, and questions categorized by Jennings as “Easy,” “Hard,” and “Yeah, Good Luck.” Topics cover every subject under the sun, from paleontology to mixology, sports feats to Bach suites, medieval popes to daytime soaps. This addictive gathering of facts, oddities, devilishly clever quizzes, and other flights of fancy will make each day a fun and intriguing new challenge. From the Hardcover edition.

Nathan Jamail—a leading consultant, professional speaker, and the president of his own group of businesses—trains coaches at several Fortune 500 companies and learned that it takes not only different skills to achieve success, but a truly effective coach needs an organizational culture that creates and multiplies the success of every motivated team member. The Leadership Playbook shows leaders the skills necessary to be an effective coach and to build effective teams by: Fostering employees' belief in the culture of a company Resolving issues proactively rather than reactively and creating an involvement that constantly pushes employees to be their best Focusing on the more humane principles of leadership—gratitude, positivity, and recognition—that keep morale high Holding teams and individuals accountable Constantly recruiting talent ("building the bench") rather than filling positions only when they are empty Combining research, interviews, and inspiring stories with the lessons that have earned Jamail the respect of the world's foremost corporations including CISCO, FedEx, Sprint, the U.S. Army, and State Farm; The Leadership Playbook will dominate the category for years to come.

I was inspired to write *365 Days To Authenticity* because I met so many people in my personal and professional life who were not living their desired life. My question was why aren't people really living their real life? So I asked questions not in a scientific way. But at social gatherings I attended I just brought up the topic. Most people were intrigued by the discussions and shared some information. This is some of the responses I got. Some people mentioned when they were young significant people in their life discouraged them not to pursue their dream. Some people admitted that it was based upon fear and it had held them back for years. There were a few people who shared the passing of a love one, or a painful divorce. They spoke about being in a place of just getting by from day to day. Others talked about not having time because of the responsibilities they had. Then there were people who talked about living the "golden life" after retirement. I also met people who made grand declarations and resolutions for the coming year. When the discussion changed to resolutions, many people laughed about it. They said

it was almost like a normal annual tradition but they expected no real change. Others talked about how they started their resolutions and 'life' got into the way. So nothing really changed for them. 365 Days To Authenticity challenges the reader with the philosophy of this is the real life right now and the desired life is obtainable. The book offers the reader to take a year to create the desired life. The first step is to take that dreaded self inventory. After the self assessment I offer the reader new practices that will enhance their journey every month to building a solid life. There are no gimmicks just a commitment to living a healthy well deserved life, That engages the mind, body and spirit.
